MID-NIGHT BATTLE GIVEN BY TURKS

Attempted to Surprise Italian Garrison of Fort at Tripoli.

WARSHIPS CAME TO RESCUE

Turks Lost Heavily But Retired in Good Order—Naval Battle In Which Three Turkish Torpedo Boats Were Sunk

Tripoli, Oct. 10.—The Turks apparently do not intend to abandon Tripoli to the Italians without determined resistance. For several days bands of horsemen have been reconnoitering in the vicinity of the Italian outposts. Several times at night they have been discovered by the searchlights of the warships, and then shells drove them back again into the hills.

About 1 o'clock this morning a force of about 3,00 Turkish troops with field guns, were discovered advancing in two columns, with the evident intention of recapturing the town. A large body of natives marched with the troops, and presented a formidable array.

The Italian commander, however, had an intimation that such an attempt would probably be made, and his men were amply prepared.

The Italian guns were well placed, and the Turks were met with a heavy artillery and rifle fire, to which they replied with equal energy. It was moonlight and the fleet turned the searchlights on the contending forces. When the engagement was at its height the battleships and cruisers joined in with their smaller batteries, directing the shells to cover the Italian front and flank.

For more than an hour the firing on shore was continuous but about 2 o'clock it slackened and gradually ceased. The Turks retired, but in good order, although it is reported that they suffered heavy losses.

Another body of Turks tried to turn the Italians' eastern flank, but without success. The Italian casualties were slight.

The fleet pursued the retreating Turks with a heavy shell fire until 6 o'clock in the morning.

Looting by the Arabs, which occurred after the bombardment and the disorderly flight of the Turkish troops, was to a great extent the work of 450 criminals left in prison, who beat down the doors and escaped. The looters made a clean sweep of the Valis Palace, the public buildings, barracks and the forts. Nothing was left but the bare walls and a great litter of valuable official documents. Even doors and windows were removed and the powder magazines pillaged.

The Turks appear to have enormous supplies of ammunition, guns, rifles and projectiles. Quantities of powder, cartridges and shells have since been recovered from the looters and the Italians have blown up three large powder magazines.

Naval Engagement

London, Oct. 10.—A dispatch to a London news agency from Pera, says that the Turkish torpedo boats Tokat Hamid Abed, Alpagut and Antalia, while returning from the Ionian sea, were surprised by an Italian squadron near Mytilene, October 9th.

A smart engagement followed and three of the torpedo boats were severely damaged and sank. The fourth escaped by hoisting a foreign flag.

Italians Land Troops

Rome, Oct. 10.—This semi-official announcement was made this afternoon:

"The first contingent of the army corps of occupation composed of infantry, artillery and one company of engineers, left Naples on the night of the 5th instant, and debarked today at Tobruk. They established a post for defense after which the troops reembarked."

It is presumed that the foregoing that after disembarking in force most of the troops again embarked, leaving a sufficient garrison to protect that point while the other soldiers proceeded to other places.

According to an undated despatch printed here an Italian squadron shelled the fort at Tobruk. Soon afterward landing parties from the warships, advancing to occupy the fortification, were fired upon, but rushing forward, took possession of the smoking ruins.

In the absence of dates it is presumed that this incident took place before the arrival of the troop ships as described in the preceding semi-official announcement.

On the Way to Tripoli.

Rome, Oct. 10. (Via Frontier)—The greater part of the italian army expedition is now on the way to Tripoli. This was learned from messages sent in conventional language that escaped the censor. A big contingent, comprising the largest part of the total force sailed from Naples last night and another fleet of transports left Tarento at sunrise today. More troops departed from Agosta tonight. The three groups will assemble as one east of Malta.

The larger part of the men were embarked at Taranto and Agosta, the distance between those points and Tripoli furnishing the shortest route.

All lights on the transports were or-

RAILROADS TAKE OVER EXPRESS

Important Recommendation to National Association of Railroad Commissioners in Session at Washington.

Washington, Oct. 10.—That the railways of the country take over the express companies' business was virtually recommended today to the 23rd annual convention of the National Association of Railroad Commissioners in session here by the committee on express rates and express service. There was prolonged discussion of the commission's report, which was the only business before the convention today. Consideration of the report will continue tomorrow.

"The express and railway companies" said the report, "are engaged in performing a transportation service that one company could perform just as effectively if not more so. The fact is, that the railways could probably assume the handling of both the heavier commodities and the lighter packages at a lower cost and with greater satisfaction than the express companies to the public. Their present organization is nearly complete enough for this."

Objection to the adoption of the report was made because of the opinion expressed therein that the so-called postal or ounce rates of express companies are discriminatory and should either be eliminated or raised. Other traffic, it was claimed, had to bear the loss of the ounce rate matter.

R. Hudson Burr, of Florida, president of the association, in his annual address declared that the Interstate Commerce Commission should have enlarged powers "with ample authority to require the most exacting supervision over the manufacture of products entering into the equipment of railroads." "It is appalling," he added, "to note the great number of accidents which occur and which are attributed to defective equipment or defective rails."

Mr. Burr expressed his belief that "the express business of the country should be conducted as a department of the railroad business. I see no sound reason," he added, "for the existence of a separate and distinct express company as a means of transportation. State railroad commissions," he declared, "were a necessity, because the ordinary courts of the land cannot perform such administrative duties as are necessary for the proper regulation of transportation problems."

"Some railway regulation laws may appear radical, but only superficially so," declared Chairman Clements, of the Interstate Commerce Commission, in welcoming the convention to Washington.

"Charges which have been made that laws for railway regulation are un-American and un-Democratic are false," he said, "for no new principles of law are involved in them; they are all based on the old English law principles of fairness, justice and equality. It is a mistake to say that the less legislation we have the better. Practical conditions are such that much legislation is necessary. Of course, if everybody did what was right the Ten Commandments would be sufficient law; but the complicated and ever-changing conditions of life require complicated and ever-changing laws to meet these conditions. That is the true progressivism which adds to and changes the laws and the interpretation thereof to suit the changes which take place around us."

The convention will continue three or four days.

WESTERN CAROLINA FAIR

Asheville in Gala Attire for Its First Big Exposition

Asheville, N. C., Oct. 10.—The Western North Carolina Fair opened here today and the officials declare that it promises to be successful in every way. The exercises began with a parade from the square to the fair grounds at River Side Park and the opening talk was by Chief Justice H. A. Gudger, of the Panama Canal Zone. It is hoped that President Finley, of the Southern Railway, and Senator Simmons, will be present during the fair.

The city now presents a gala appearance many of the stores and public buildings having been decorated with bunting by a professional decorator.

Although this is the first fair of the association the entries are many and varied and it is said that it promises to be equal to those of the State Fair in nearly every department. The agricultural department especially will be more than creditable to the western section of the State.

PRESIDENT TAFT TALKS PEACE.

We Could Lick the World, But No Need of It.

Seattle, Wash., Oct. 10.—President Taft and party left Seattle this afternoon by steamer for the Puget Sound Navy yard at Bremerton, 15 miles distant, where he was scheduled to inspect the new dock and deliver an address to the war ship crews and workmen and then embark for Tacoma. President Taft's two meetings here were the largest he has addressed since his present tour began.

He took for his subject the arbitration treaties.

"All the world is looking to us to lead in this great movement for permanent world peace. We have the resources to raise an army large and powerful enough to sweep any other army off the face of the earth. It is the same with our navy," said Mr. Taft. "We are not afraid of any other nation. We can lead the world in this peace movement and we ought not to let anything prevent our taking that course."

M'NAMARA TRIAL TO BEGIN TODAY

Charged With Murder in Blowing Up Los Angeles Times.

TWENTY-ONE LIVES WERE LOST

Prosecution Will Ask for Change of Judges—Two Men Have Gained Weight in Jail—Both Are Confident.

Los Angeles, Oct. 10.—Official uncertainty surrounded tonight every point of interest in the trial of the McNamara brothers, except the fact that it will begin tomorrow.

Whether John J. McNamara, secretary of the International Association of Bridge and Structural Iron Workers will then be placed on trial for murder in connection with the Los Angeles Times explosion of October 1, 1910, which cost 21 lives, or his brother, James B. McNamara will face trial on identical indictments, was not made known officially because District Attorney John D. Fredericks said the defense still had the right to demand that both stand trial together.

Until the expressed preference for separate trials is made a certainty, which probably will not be before court opens at 10 A. M., the prosecution will not announce which man they will try first. The popular belief and that of the defense is that James B. McNamara will be selected.

Attorney Clarence S. Darrow, chief counsel for the defense, said tonight no effort to delay the beginning of the case will be made.

"We shall ask for a change of judges," said Mr. Darrow. "We expect that it will be decided and then the trial will go ahead."

The McNamara brothers, chatting in the corridor of the jail, apparently expected no delay. "We've got to be ready," said John J. McNamara. "It does not make any difference to us which of us is tried first."

Both men, at the request of newspaper men, were weighed and photographed today and George Gallagher, the jailor, checked their present weights against those recorded when they entered, April 26th, the jail which they have not left since. James B. McNamara, who then weighed 137 pounds, now weighs 142, and his brother John has gone up from 206 to 217 pounds.

SENT TO THE ROADS.

Asheville Man Who Shot Another—A Miniature Still.

(Special Star Correspondence.)

Asheville, N. C., Oct. 10.—Arthur Anderson, who was charged with shooting his brother-in-law, C. C. Stamey, about a month ago in the depot section of the city, was given a hearing Saturday morning in police court and sentenced to 12 months on the county roads. He appealed. At the time of the shooting, Stamey maintained that it was accidental and would not say how it was done. Anderson was arrested on the report that the shooting was the result of a family row and he was held without bond until it was thought that Stamey was out of trouble. At the trial, according to the evidence of Stamey, there was a family dispute.

Deputy Collector McCoy has just returned from Burke county, bringing with him a distilling apparatus of minlature size. It is shaped like a coffee pot and will hold about three gallons. It was found in the shop of a man who is said to manufacture such things. The whole is of copper and the job is very workmanlike. It is said that it was made to be used on a stove. The worm is about the most cumbersome thing about it, but could easily be taken apart and hid.

WRIGHTS' NEW FLYING MACHINE

It Will Resemble Turkey Buzzard—Is Ready to Build

Norfolk, Va., Oct. 10.—From Elizabeth City, N. C., tonight it is reported that Orville and Wilbur Wright, accompanied by two otners have arrived at Maneto, N. C., and will tomorrow begin preparations for conducting experiments with their new aeroplane, which it is claimed with be shaped like a turkey buzzard.

The experiments will be conducted at Kill Devil Hill, where the Wrights made their first flight in 1904, and again in 1908, when they startled the world by flying a distance of eight miles.

It is announced that the Wrights have shipped to Maneto enough material to contsurct several machines in case the first one is damaged or destroyed.

NEW TRIAL FOR BEATTIE.

Work of Preparing Petitions Begun Yesterday at Richmond.

Richmond, Va., Oct. 10.—The work of preparing the petition asking the Virginia Supreme Court of Appeals for a new trial for Henry Clay Beattie, Jr., recently convicted of having murdered his young wife in July, began today so as to be ready for submission to the court when it convnes November 8th. Beattie's lawyers expressed the opinion that chances for a new trial are by no means hopeless. Should the court grant a writ of error it is likely a hearing would be had before the January term of the court. The court's first decision day will be November 16th.

BEER, VINEGAR, SOFT DRINKS

Three Other Perplexing Questions for Consideration of Washington Experts—Soda Fountain Decoctions Investigated.

Washington, Oct. 10.—An order for the immediate consideration of the perplexing questions: "What is beer?" "What is vinegar?" and "What is a soft drink?" was passed this afternoon by the board of Food and Drug Inspection at a meeting held in the office of Dr. Harvey W. Wiley, chief of the Bureau of Chemistry and chairman of the board.

These three pure food problems have been under consideration for nearly two years, but members of the board have been unable to agree. The retirement of Solicitor George P. McCabe and the temporary absence of Dr. E. L. Dunlap from the board, leaves Dr. Wiley and Dr. R. E. Doolittle, the other member, prepared to take immediate action to settle the long-standing controversies.

Vinegar will be the first subject considered by the board. Long hearings were recently held on the subject of pure beer; and hearings have been heard on both the vinegar and soft drinks investigations. It is the contention of Dr. Wiley that pure vinegar should be made only from cider and that vinegars made from malt, sugar, molasses, wine and other ingredients should not be branded as pure vinegar. It is that Dr. Doolittle, who is the "vinegar expert" of the Department of Agriculture, holds a similar view and that the board of food and drug inspection is likely to make a ruling soon in line with Dr. Wiley's views.

There will be no more hearings on any of the three subjects. Dr. Wiley stated today that hearings and investigations have been sufficiently thorough to develop all material facts, and that it remains only for the board to examine the evidence and make its rulings. This has been impossible in the past, because the disagreement among three members.

Action against soft drinks sold at soda fountains, can apply only to the drinks as they are shipped in interstate commerce. The government police power will give Dr. Wiley the opportunity, however, to enforce his rulings in the city of Washington by confiscating impure drinks at the local soda fountains.

"The pure soft drink should contain only a pure fruit extract, sugar, spice and pure water," said Dr. Wiley. "If I had my way no other soft drinks would be permitted in the market. The health of children should not be endangered by the artificial sweeteners, coloring matter and flavors that are sometimes used and the public should be protected against the caffeine and 'dope' that finds its way into many drinks."

BURIAL OF DR. WALKER

Remains Laid to Rest at Riley's Creek on Sunday—Other Notes

(Special Star Correspondence.)

Rocky Point, N. C., Oct. 10.—The remains of Dr. George Walker, who recently died at the Soldier's Home, were buried at Riley's Creek Sunday. It is thought that his will and bequest to Wake Forest and the Louisville Theological Seminary will be contested by heirs and that undue influence was brought to bear on his already weakened mind, enfeebled by disease for years. It would seem more appropriate to have made the Soldiers' Home a bequest. Anyway, it is the concensus of opinion here that the State should not pay for his keep when he left an abundant sufficiency as was the case.

Bears are playing havoc with hogs over on Trumpeter Branch in upper Topsail. Your scribe has been asked to place himself in communication with Commodore Clark in order that he may call out the Northeast squadron to chase the bears from this section.

OUTLINES.

A midnight battle occurred at Tripoli Monday night when a large force of Turks and Bedouins attempted to surprise the Italian garrison, but the warships came to the rescue and drove off the assailants with heavy loss, though they retired in good order; a naval battle is also reported in which the Italian warships sank three Turkish torpedo boats——The Wright Brothers have arrived at Kill Devil Hill, N. C., to build their new aeroplane of the "buzzard" type——The Food and Drugs Inspection Board will decide on what is pure beer, vinegar and soft drinks——The National Association of Railroad Commissioners is considering a report of a committee favoring the railroads' taking over the express business of the country——C. P. Rodgers, the aviator, in his transcontinental flight from New York landed yesterday at St. Louis——The trial of the McNamara brothers will commence at Los Angeles this morning——State Senator Blaine, who made the charge of bribery and corruption against U. S. Senator Stephenson, was unable to substantiate his charges before the committee yesterday —— President Taft pleaded for peace at Seattle yesterday, but at the same time lauded the army and navy——A negro, charged with criminal assault upon a white girl at Honea Path, S. C., yesterday, is believed to have been lynched by a determined body of men who pursued the sheriff and prisoner from Greenville to Spartanburg, S. C., in ten automobiles——New York markets: Money on call, steady, 2 1-4 to 2 1-2 per cent., ruling rate 2 1-4, closing bid 2 3-4, offered at 2 1-2. Flour steady with fair jobbing demand. Cotton unchanged. Rosin steady. Turpentine quiet.

NEGRO LYNCHED FOR BRUTAL CRIME

Assaulted Eleven-Year-Old Girl Near Honeapath, S. C., Yesterday.

WAS TAKEN FROM OFFICERS

Posse With Doomed Criminal Madly Chased for Miles by Men in Ten Automobiles—They Ran Down Officers

Greenville, S. C., Oct. 10.—Willis Jackson, a 17-year-old negro, who assaulted a 11-year-old white girl at Honea Path today, was strung to a telephone pole by one foot and his body shot to pieces by a mob at 11:25 o'clock tonight.

Following one of the most sensational man chases in the history of this section, extending over 100 miles, a mob overpowered the sheriff and his deputies six miles north of Greenville late this afternoon and secured the negro.

After the commission of the crime the negro was taken into custody by officers and spirited to Anderson by automobile. A mob followed closely, but on arriving at Anderson found that the negro had been taken to Greenville. Then followed a 37-mile race across country between an automobile bearing deputies in charge of the negro and a score of machines filled by the mob.

Fearful lest the jail her would not withstand attack from a mob, the prisoner was hurried toward Spartanburg, where there is a more modern prison. The machine bearing the negro and the deputies broke down after leaving this city and the party concealed themselves in the woods. On returning to the city the chauffeur who drove the party was seized by members of the mob and forced to show them back to the spot where the negro was concealed.

Told in Bulletins

Greenville, S. C., Oct. 10.—Somewhere between this place and Spartanburg, S. C., there is an automobile chase with the life of a negro criminal at stake. The negro is being taken to Spartanburg to escape the fury of ten automobiles full of men who undoubtedly will lynch him if caught. He was rushed from Anderson by officers after being arrested for an attack on a little girl. They beat the mob into this town by ten minutes, transferred their prisoner to another machine and proceeded.

A telephone message reaching here at midnight from Honea Path states that the negro Willis Jackson was hanged to a telegraph pole there shortly after 11 o'clock and his body riddled with bullets.

Spartanburg, S. C., Oct. 10.—It is reported here that the posse overtook officers with the negro at Tyger River, about 18 miles from here, and killed the negro.

Story of the Crime.

Honea Path, S. C., Oct. 10.—An attempt at criminal accault was made on an eleven-year-old child here this morning. It is not known yet whether the actual deed was committed or not. A negro boy possibly seventeen years old was arrested and taken to jail at Anderson, after having been identified by the girl as her assailant. Considerable talk of lynching is current. It is thought that the recent speech of Governor Blease in this community in which he practically put his stamp of approval on lynchings under such circumstances may have tended to make a mob make short work of the negro. It is said that an urgent call had been sent to the Governor to call an extra session of the court to try the case against the assailant, and thereby prevent the possibility of a lynching.

According to the little girl's account, she was on her way to a pasture with a cow, and after getting 300 yards from the limits of the town the negro grabbed her from the rear, puting his hands over her eyes. She snatched away and demanded to know what he meant by his actions. He told her to turn the cow loose and that he would tell her what he wanted. She let the rope loose and the negro caught hold of her and dragged her about 75 yards into a piece of woods.

The negro then passed through the town to a butcher shop where he worked. He was later found at the shop by Constable Haynes, who took him before the girl, and after she had positively identified him, the constable, with two other citizens, hurried the negro to the jail in Anderson in an automobile. The infuriated mobs were searching the woods during the while and did not learn that the negro had been apprehended until he was on his way to the jail.

Two other negroes were caught and carried before the little girl, but she stated she was sure neither of them was the man. She insists that the right man has been caught.

The little girl lives with her stepmother at Honea Path. Her father, who until recently was a merchant of that place, became engaged in the lumber business in southwest Georgia. A telegram has been sent to him apprising him of the attack.

The Jackson negro now in jail denies all knowledge of the attack. It is stated that the girl's clothes were badly torn by the brute, and that the shock has had a serious effect on her.

CHARGES AGAINST STEPHENSON

State Senator Blaine, Who Brought Them, Admits At Investigation That He Has No Proof of Corruption

Milwaukee, Wis., Oct. 10.—The charges that United States Senator Isaac Stephenson, of Wisconsin, secured his election through bribery, and that he spent $107,793 corruptly to influence voters, were today put by the United States Senate Investigating Committee squarely up to John J. Blaine, a State Senator, who brought the charges. As a result, Blaine admitted he had no facts or information personally known to him to be true upon which to substantiate his charges. He admitted that the charges were based largely on newspaper editorials, political speeches and hearsay.

"And upon such information you were willing to make allegations which might jeopardize a United States Senator and which if proven might send him to the penitentiary—is that true?" asked Senator W. B. Heyburn, the chairman.

To this question Blaine made no arswer other than he thought he was performing a public duty by having an investigation of what he said was current report.

"Do you think that a public duty to bring charges against a United States Senator without facts to substantiate them?" asked Chairman Heyburn.

"I thought so," replied the witness.

"So that when the investigation is begun you have no facts to give to this committee which could be admitted in a court of law as proper and pertinent to challenge the validity either of Senator Stephenson's nomination or of his election?"

"None of my own knowledge."

It was Blaine who originally brought the charges in the Wisconsin Legislature where two investigations were held, one resulting favorably to the Senator and one adversely. Following the adverse report, the Governor of Wisconsin submitted the question to the United States Senate. Blaine's charges purporting to give sixteen specific instances wherein the law had been violated were in brief that prior to his nomination at the primaries in 1908, Senator Stephenson corruptly spent $107,793 to encompass his election. The first three of the charges pertained to the giving by Senator Stephenson to E. A. Edmonds, his campaign manager, a sum in excess of $106,000 and approximating $250,000." It was developed that $107.793 was the correct amount.

"How do you know that this money was given to Edmonds to commit bribery and to accomplish other corrupt ends?" Blaine was asked.

"I had Edmonds' word that he received a certain sum for campaign purposes. The words 'corrupting and bribing electors' were to meet the requirements of the law in making specific charges in such instances."

"You have no facts of your personal knowledge upon which to base them?"

"None."

STILL VIOLATING SHERMAN ACT

Pennsylvania Railroads and the Coal Mines in Combination

Washington, Oct. 10.—Action by the Supreme Court of the United States to stop alleged violations of the Sherman anti-trust law by the principal railroads and coal companies in the Pennsylvania anthracite coal region, was urged today by J. C. McReynolds, special Assistant to the Attorney General, in a three-hour argument before that tribunal. He was followed by Everett Warden, counsel for one of the defendants, the Temple Iron Company.

Mr. McReynolds argued that the evidence presented by the goverment in the trial of the case in the United States Circuit Court for Eastern Pennsylvania showed that there was a general combination between the railroads and the coal companies to avoid competition in the production, sale and transportation of anthracite. Inasmuch as the Pennsylvania constitution forbade the railroads to engage directly or indirectly in mining, he argued, they had sought to avoid the law by buying stock in coal companies that did mine coal.

As evidence of a general conspiracy he called the attention of the court to the railroads buying stock in the Temple Iron Company and the latter company purchasing the "leading independent" coal concern which was said to be lending support to a plan to build a railroad to compete with the defendant railroads. He pointed to the so-called 65 per cent. contracts, whereby the railroads' coal companies buy the regulated output of the independent mines during the life of the mines as another evidence of monopoly. The fact that prices of coal sold by the various companies varied for years, suddenly became fixed at a high point and remains so for ten years he contended, was another evidence of combination. Much time was spent on what he declared were special combinations constituting independent violations of the Sherman law.

TO RIDLE TEXAS' HULK

Battleship Louisiana Will Practice on the Derelict

Norfolk, Va., Oct. 10.—The battleship Louisiana went up Chesapeake Bay this afternoon and it is repeorted that she will shoot at what remains of the battleship San Marcos, formerly the Texas, which lies battered and buried in the mud near the Tangier Sound.

The Old Dominion Steamship Co. today dispatched a special steamer to Old Point to bring to Norfolk enlisted men from the fleet now gathered in Hampton Roads. Fifteen hundred men came to Norfolk on the steamer.

PRAISED MR. TAFT FOR PEACE PACTS

Stirring Day in Methodist Ecumenical Conference at Toronto.

BRITISH DELEGATES FOR PACT

Churches of the World Urged to Organize Movement for Universal Peace—Toronto Minister Severely Criticises Pastors

Toronto, Oct. 10.—"The act of President Taft in bringing forward the peace proposal between England and America, is one of the most courageous and magnificent attempts ever made by any statesman in the history of the world."

Shortly after this statement had been made to the Ecumenial Methodist Conference today by Alderman T. Snape of Liverpool, England, the delegates unanimously adopted a resolution endorsing the proposed arbitration treaty. The document was signed by Rev. Henry Haigh, of New Castle-On-Tyne, England, president of the conference; Justice McLean, of Toronto; Bishop Earl Cranston, of Washington D. C.; Bishop A. W. Wilson, of Baltimore, Md., and Bishop E. D. Hendrix, of Kansas City.

Speaking of the subject, Dr. J. Scott Lidgett, of London, England, editor of the Methodist Times, said:

"The time is coming when everything which relates to the welfare of mankind will be considered by tribunals of peace and adjustment. Yet human nature must be transformed before we can have universal peace The Church should create a league for universal peace.

"'The Church and modern life' was the subject of today's papers and some of the sub-heads under which the main topic was considered led to further discussion of 'higher criticism' which was before the convention yesterday. The Rev. S. D. Chown, of Toronto, in discussing 'The adaptation of the Church to the needs of modern life,' said:

'We need today spiritual leaders who are men first and clergymen afterwards. We need in them perfect sincerity. The pulpit is dry-rotting with homiletic exercises and languishing for the vital messages of the gospel. A parrot preacher is a parasite. The Church must increase its activities in the direction of social service. The layman's function is to secure social justice. The preacher is but a voice crying in the wilderness unless the laymen he represents combine to do business in the spirit of the cross. The political economy of the iron heel is dominating our civilization and Christianity. Human creatures must be treated as if they had human natures."

Discussion during the afternoon developed that a number of delegates doubted the wisdom of the steps now being taken by the Canadian Methodist Church to form a union with Presbyterians and Congregationalists. Sir Robert W. Perks, of London, England, said:

"There can be close and advancing co-operations between churches without organic union."

The resolution adopted on international peace reads:

'We hail with pleasure and profound gratitude the deepening and growing spirit of good will and peace among the leading nations of Europe and America. The noble work of The Hague Conference as promoted by the Federal Council of the churches of Christ in America and the Free Church Council in England, is already bearing fruit in the arbitration treaty which agrees to submit questions of national questions to the proper tribunal for arbitration. We heartily endorse this signal advance in the interest alike of peace and universal brotherhood. We strongly urge the Christian nations represented at the Ecumenical Conference speedily to take the necessary action to consummate the arbitration which has been signed by the representatives of the British empire and of the United States of America. By every proper means we will seek peace and promote it in His Holy name who is the Prince of Peace."

POLE'S TERRIBLE DEED.

Blew Up Three-Story Dwelling Near Wheeling, W. Va.—One Dead.

Wheeling, W. Va., Oct. 10.—John Bartosh, a Pole, suspected of having blown up a three-story building at Benwood, a suburb today, causing the death of Mrs. William Markanas and her eight months old babe, is being sought by the police of this city and a dozen neighboring communities. The explosion rocked Benwood, Bellaire, Ohio, and South Wheeling, and caused great excitement in the three towns. The explosion was followed by fire and within a few minutes the large frame building was a mass of flames. The upper floors were occupied by many Polish families, but all of the 20 or more occupants escaped, except Mrs. Markanas and her child.

The black hand theory at first generally credited, was soon dispelled. Bartosh had had trouble with Edward Kolinski, who conducted a grocery on the ground floor of the burning building, and had threatened vengeance for his alleged wrongs.

Brooklyn, Oct. 10.—Brooklyn closed its 1911 season at home today with a ten inning victory over New York by a score of 2 to 1. The visitors scored their only run in the first on a fielder's choice, a batter hit, and Murray's single, but were blanked by Barker during the remaining innings. Maxwell had a shut-out up to the ninth, when Hummel tripled and tied the score on Barger's single. In the tenth Wheat singled and came home with the winning run on Smith's long double.

ALL-STARS DEFEATED.

Score Three to Two at Washington Yesterday—Pitchers In Form.

Washington, Oct. 10.—The athletic pitchers worked in something like their true form today and the All-Stars went down to defeat by the score of 3 to 2, the winning run coming over in the ninth inning, with no one out on Collins' single and Baker's hard double to the right field fence. Coombs pitched the first four innings and his bases on balls to Milan and Gessler, coupled with Chase's single and Davis' error, gave the All-Stars their two runs. Plank pitched three innings allowing but one hit, and Bender finished up the game, but one hit being registered off his delivery.

The way the champions hit Walter Johnson surprised the on-lookers as he had all his well known speed and control. Eddie Collins hit three singles, while Harry Davis slammed a fast shoot over the right field fence for a home run. Sensational fielding plays were made by Chase and Elberfeld.

INTER-LEAGUE SERIES

Cincinnati Defeated Cleveland In the First Game Yesterday

Cincinnati, Oct. 10.—Cincinnati defeated Cleveland in the first game of the inter-league series for the championship of Ohio, today by the score of 4 to 0. Suggs outpitched Blanding, holding the American Leaguers safe all the way. Jackson and LaJoie, Cleveland's most powerful batters, partially were at sea.

Outside of Suggs' pitching, the throwing to bases of Cather O'Neill, of Cleveland, was a feature of the game.

Cleveland .....000 000 000—0 6 0
Cincinnati .....200 011 00x—4 9 0

Blanding, Faulkenberg and O'Neil; Suggs and Clarke. Umpires, Rigler (National); Evans (American).

ALL-STAR GAME AT RICHMOND

Record-Breaking Crowd for South Is Expected

Richmond, Va., Oct. 10.—The greatest possible interest is being felt here in the All-Star-Athletic game of baseball scheduled for Richmond tomorrow. Thousands at a distance probably will take advantage of the State Fair special rate railway tickets just now on sale to come here for the contest, and these added to the local thousands of enthusiasts will make the crowd in attendance on the game record-breaking, so far as the South is concerned. All this, provided the weather should prove auspicious. The indications, however, are that, in almost any event, the number of spectators will be limited only by the capacity of the grounds.

MRS. VonCLAUSSEN IN TROUBLE.

Eccentric Woman Will be Examined for Sanity.

New York, Oct. 10.—Mrs. Ida VonClaussen, who once started suit for a million dollars damage against Theodore Roosevelt and others, because of an alleged conspiracy to keep her from being presented at the royal court of Sweden, and has gained notoriety in a variety of other ways, was sent to the pyschapathic ward of Bellevue Hospital today for a five days' observation as to her sanity.

There was a scene in the Tombs court when Magistrate Hernert announced his decision. Mrs. VonClaussen appeared in the Supreme Court yesterday in her action for divorce from Dr. William F. Honan. Justice Greenbaum, of the Supreme Court, received a telegram Sunday, dated at Chicago, in which Mrs. VonClaussen said:

"Justice and liberty is all I ask. If foul play marks your decision, God help you." Justice Greenbaum believed that the woman's telegram indicated an unsound mind and he sent Mrs. VonClaussen to the Tombs court for examination.

"What are you doing?" she exclaimed as the magistrate announced his decision today. You are taking away my reputation. If you commit me I will communicate with the German Emperor. You will find you are handling fire. I have lived in Germany for four years and I have applied for citizenship."

ENGINES SHALL NOT WHISTLE.

Kirkwood, Mo., Adopts Ordinance Against Noisy Locomotives

Kirkwood, Mo., Oct. 10.—Railroads with lines passing through here received today copies of the city ordinance which prohibits the whistling of locomotives within the corporate limits. The penalty for the violation of the ordinance is a heavy fine.

The ordinance was passed in response to petitions signed by members of churches, physicians and business firms.

WORLD SERIES BASEBALL.

Field Will be Overflowing at Great Game Next Monday.

Philadelphia, Oct. 10.—Workmen were busily engaged today putting Shibe Park in shape for the first of the world's championship baseball games to be played here next Monday. Additional benches and desks were installed and equipped with telegraph wires to accommodate the army of visiting newspaper men from all sections of the country, while new fences were erected in the outfield to prevent the spectators from overflowing the playing field.

Those in charge of the press applications say that never before has an inter-league contest excited so much interest in all sections of the country, and the demand has been so grat that many applications for scorers seats will have to be refused.

In spite of the extra force of clerks put at work late last wek, it will be impossible to catch up with the large amount of mail containing requests for seats for the first two games to be played here. The supply of available tickets was quickly exhausted and it is estimated that more than $100,000 will have to be returned to the senders with notice that their demands cannot be complied with.

New York Giants Confident.

New York, Oct. 10.—Evidently Manager McGraw, of the Giants, pennant winners of the National League, thinks that most of his stars need rest more than gruelling practice for the world's series to open here Saturday with the Philadelphia Athletics. At least the Giants' manager today put only four of his regulars in the line-up against Brooklyn and played one of these—Snodgrass—out of his regular position—the centerfielder covering second base. Larry Doyle was not in action, his lay-off being due to the accident which befell him yesterday, but he is expected to be in trim tomorrow.

Merkle, another Giant whose condition has been giving his manager some concern, his trouble being a "Charley horse," got into the game and cavorted in lively style around the initial sack.

In general, McGraw is believed to be satisfied with the condition of his men and confident that barring accident, he will have them all in fine fettle for the approaching fray. "Chief" Myers, the hard working catcher on whose ability so much concededly depends, is reported to be benefitting greatly by the rest given him this week—rest he needed badly after the long string of successive games he caught while he and his team-mates were clinching the pennant.

There was as much activity as ever today in the offices of the New York National League Club, where the work of assorting applications for tickets was being wound up and the tickets mailed to those whose requests had been approved. The open sale will begin Thursday morning.

Betting on the series was fairly active today in the hotel district with the o"dds" about even on the outcome.

LEAF TOBACCO SALES.

Greenville Leads for Month—Bankruptcy From Laurinburg.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 10.—The State Department of Agriculture announces the total sales of leaf tobacco during September in the various North Carolina markets as aggregating 12,328,367 compared with 24,315,135 pounds for September, 1910. Greenville leads for this September with 2,215,167, and Kinston is second with 2,089,298. The others in their order are Wilson 1,456,103; Rocky Mount 711,569; Farmville 537,849; Oxford 501,285; LaGrange 482,372; Richlands 344,934; Winston-Salem 322,862; Smithfield 278,290; Durham 251,362; Snow Hill 232,564; Fair Bluff 341,992; Henderson 234,188; Fairmont 332,257; Wallace 294,357; Warsaw 217,741; Robersonville 201,050; Williamston 161,936; Creedmoor 173,432; Fuquy Springs 156,920; Reidsville 177,485; Louisburg 108,516; Apex 101,346; Washington 175,148; Clinton 136,829; Mebane 61,445; Goldsboro 55,904; Roxboro 36,987; Youngsville 30,219; Wendell 30,484; Madison 26,117; Burlington 25,990; Warrenton 23,743; Stoneville 869.

A voluntary proceeding in bankruptcy was filed in the Federal court here today for N. B. Dawson, Jr., Laurinburg, merchant of that place. The assets are given as $7,491, and the liabilities at $12,812. The case is to go to Geo. Howell, of Wilmington, as referee in bankruptcy.

United States Marshal Claudius Dockery and Deputy Marshal R W. Ward are in Elizabeth City this week for the term of the Federal court there, but there is no business there for a session this time.

BOY MURDERED YOUNG SISTER.

Parents Arrested for Concealing Deliberate Crime

Asheville, N. C., Oct. 10.—Charged with the murder of his 13-year-old sister, Mary, Ernest Webb, aged 15, tonight was lodged in jail a week after the alleged commission of the crime at his parents home at New Found, 12 miles from this city. Mr. and Mrs. George Webb, the parents, are now in the custody of a deputy sheriff at New Found, charged with being accessories before and after the fact.

The report given out by the parents was to the effect that the boy had accidently killed his sister while playing with a shot gun. It is now charged that the lad deliberately killed his sister with his father's shot gun.

LYNCHING IN GEORGIA.

Negro Swung Up by Mob in Wilkinson County.

Macon, Ga., Oct. 10.—Andrew Chapman, a negro, was taken from Bailiff W. T. Cowan and lynched by a mob of 40 marked men Saturday night near Irwington, Wilkinson county, Ga., according to advices received here today. The negro had just been bound over to the grand jury on a charge of attempted assault on a well known white woman of Wilkinson county, who, it is stated, is prostrated as a result of the shock. The body remained hanging to the tree until Monday afternoon, when the sheriff ordered it removed.

REWARD FOR BURGLARS.

Four Hundred Dollars Offered by the State—Fairs—Power Hearing.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 10.—At the urgent request of Solicitor A. M. Stack, Governor Kitchin announces a reward by the State of $400 for the capture of the unknown negro burglar who entered the home of W. W. Horne, at Monroe, last Sunday morning. The burglar entered the room occupied by two young ladies, one of them a teacher in the public schools and the other a stenographer in one of the cotton mills there, and when they gave the alarm he fired at them three times, then shot at a young man who rushed to the aid of the young ladies and after the negro had passed out at a side window he turned and fired into the room again, fortunately neither of the shots inflicting any injury upon anyone. The burglary was about 3:30 A. M.

Major W. A. Graham, commissioner of agriculture, has gone to Greensboro and Asheville this week to attend the fairs in progress at each of these cities.

The lengthy argument of the famous case of Roanoke Rapids Power Co. vs. Roanoke Navigation Co., on a rehearing granted by the court, is under way before the Supreme Court, contending counsel being James H. Pou and E. L. Travis, for Roanoke Navigation Co., and Claude Kitchin and W. E. Daniel, for the plaintiff, Roanoke Rapids Power Co. It is a case involving probably a million dollars and involves an issue that has bobbed up at intervals since 1817, when the Roanoke Navigation Co., was chartered. The power involved is Great Falls, above Weldon, and the defendant, Roanoke Navigation Co., supplies a great amount of power for various mills in that section and lights and power for Weldon and Roanoke Rapids. The issue is the right of the defendant to divert water from the river by canal. In the initial trial below Judge Bryant held that the Navigation Co., had the best right to the water and the Supreme Court reversed this on appeal. Now the court has granted a rehearing that is in progress.

COTTON CONFERENCE.

Governor Kitchin Not Yet Replied—Hookworm Campaign.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 10.—Governor Kitchin has received an invitation from the Governor of Texas for a conference of the governors of the cotton growing States to be held at some convenient point for the consideration of some concerted action to check as far as possible the decline in the price of cotton. He has not yet made answer. He says he is anxious to do whatever he can to this end and will heartily co-operate in whatever effort in this direction may be inaugurated.

In discussing the results of the campaign in this State for the eradication of hookworm disease, Dr. J. A. Ferrell, secretary in charge of the work, said that many people regarded as lazy, puny and shiftless have been restored to full health and usefulness by taking the treatment and very many others, only mildly affected, have been greatly improved in their effectiveness. This, he says, is especially the case in the work of the free State and county dispensaries provision for which has been made by 18 counties.

NASHVILLE CAMPAIGN ENDING.

Rival Candidates for Mayor Have Been Bitterly Contesting.

Nashville, Oct. 10.—Tonight will witness the closing rallies in one of the bitterest city campaigns Nashville has witnessed in years. The main tickets are led by Mayor Hilary E. Howse, largely supported by regular Democrats, and Dr. W. C. Gillespie, a young dentist, backed by the so-called law enforcement element as rival candidates for mayor. The prohibition lines are not strictly drawn between the two.

The third ticket is composed of Socialists, one of whose campaign declarations is for woman suffrage. At the Howse rally, which occurs tonight, United States Senator R. L. Taylor is scheduled to be the main speaker. The elections occurs on Thursday.

NORTH CAROLINA STATE AGRICULTURAL FAIR,

RALEIGH, N. C.
OCTOBER 16TH TO 21ST.
For this important occasion the
ATLANTIC COAST LINE
Offers the low round trip rate of
$4.75 FROM WILMINGTON.

Including Admission to the Fair, and correspondingly low rates from practically all other points on its lines in North Carolina and Virginia.

Tickets will be on sale for all trains from October 14th to 21st, inclusive, limited, returning, to reach original starting point not later than midnight of October 23rd, 1911.

Children (five years of age and under twelve) half fare.

For tickets, schedules and further particulars call phone 160.

General Passenger Agent,
W. J. CRAIG,
Passenger Traffic Manager.
Wilmington, N. C.

All Ripe Oranges and Grapefruit Are Good; but Florida Oranges and Grapefruit Are the Best of All

Florida oranges and grapefruit are best because they are juiciest and most highly flavored. Oranges and grapefruit contain citric acid, which neutralizes other acids. They give tone and vitality to the system.

There is no more delightful food than a *ripe* orange or grapefruit; no more refreshing drink than the juice. Green oranges and grapefruit aren't good, though, nor ones that have been artificially ripened. Fruit so treated isn't fit to serve. Better wait a few weeks longer and get good oranges and grapefruit.

Beware of Green Oranges, Even Though They Look Ripe!

An orange that *is* perfectly green may be made to appear perfectly ripe—within the beautifully colored shell, however, is pulp and juice utterly unfit for food. Immature, green oranges are made to have the *appearance* of ripe fruit by processes of artificial coloring, either in hot or cold storage, or by chemical treatment. Growers and dealers, greedy of immediate results, and without thought or care for the future, hurry to get the first shipments of fruit into the market long before it has reached a state of development and maturity which renders it fit or safe for human food. It is far better to curb the appetite for citrus fruit in the beginning of the season than to disgust the palate with the stuff usually served up to unsuspecting purchasers at this time.

Buy Oranges and Grapefruit by the Box—and Drink the Juice

Buy your oranges and grapefruit by the box. It's cheaper and you get much better fruit. Insist that your dealer supply you boxes bearing the mark of the Florida Citrus Exchange. These are fifteen per cent larger than boxes shipped from other states. In them you get the best fruit grown in the best citrus section of the world, which no hand touches from the time it is washed, wrapped and packed by white-gloved workmen, until it is opened up in your home. "Drink the juice" if you want to enjoy oranges and grapefruit to the fullest degree.

How to Serve Oranges and Grapefruit—Free Booklet

Cut the fruit in half, squeeze the juice, and serve in a small tumbler. Only two-thirds as many oranges or grapefruit from a box bearing the Florida Citrus Exchange mark are required to make a given quantity of juice as of other kinds. In each box you will find booklet of choice recipes for serving oranges and grapefruit in many forms—also contains coupon good for half the price of grapefruit knives, orange spoons, cut-glass juice sets, etc. Copy of booklet, without the coupon, for four cents in stamps. Address Florida Citrus Exchange, Tampa, Florida.

Your Protection Against Immature, Unripe Fruit

Is afforded by the Florida Citrus Exchange—a co-operative, non-profit-making organization of the most progressive growers of the State. Every box of fruit shipped through the Exchange is carefully picked, thoroughly inspected and properly packed. The exchange is chartered by the State, and operates under stringent laws. No immature or unripe fruit, none artificially ripened, ever goes out in a box containing in red this mark—

FLORIDA CITRUS EXCHANGE FLORIDA

READY TO GREET CONNAUGHT

Preparations for Reception of Governor General at Ottawa

Ottawa, Ontario, Oct. 10.—The capital is making great preparations for the reception of the Duke of Connaught the new Governor General, next Saturday.

A special train carrying his household servants, motor cars and an immense quantity of luggage, arrived yesterday. There were thirty servants and three aides de camp in the party. There were about 600 pieces of luggage, two high power motor cars and a great quantity of packing cases.

The Duke's hunters and carriages also arrived a few days ago. The servants and luggage have all been moved out to Rideau Hall, which Earl Grey will leave tomorrow.

BAD ACCIDENT AT ASHEVILLE

Two Little Boys Killed by Automobile Last Night

Asheville, N. C., Oct. 10.—Linwood Bell, aged six, died here tonight and Albert B. Smith, Jr., aged 8 years, probably is dying as a result of being run over by an automobile which collided with a "coaster wagon" in which the boys were riding tonight. The accident occurred on a steep grade and Crawford Plemmons, the driver of the automobile, claims that he applied the brakes when he saw the little wagon coming from a side street. The car, however, skidded and struck the wagon sideways, throwing the occupants to the stand passing over them. Plemmons was arrested, charged with manslaughter and released on a bond of $500. Linwood Bell is the son of O. B. Bell, of Roanoke, Va.

If there were funerals after every political death we would have to have a new cemetery.—Montgomery (Ala.) Journal.

Its Equal Don't Exist.

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum. SIDEWALKS.

Sealed proposals for sidewalk paving will be received by the Councilman of Streets and Wharves at the City Hall, Wilmington, N. C., up to noon Oct. 24, 1911, and will then be opened and publicly read. They shall be addressed to P. Q. Moore, Councilman of Streets and Wharves, and endorsed "Proposal to Pave Sidewalks."

The work for which proposals are asked shall consist of doing all the sidewalk paving in the City of Wilmington for the year 1911, as may be ordered by the city on streets that are permanently improved, and will amount to approximately 1,000 square yards, but the right is reserved to increase or diminish this amount. Each proposal must be accompanied by a certified check in the sum of $250.00, made payable to the Mayor of the City of Wilmington. Specifications may be obtained at the office of the City Engineer. The right is reserved to reject any or all bids.

AFFAIRS AT STATE CAPITAL

Convocation of Raleigh—Report of Corporation Commission—Western North Carolina Resources—Other Notes.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 10.—The Convocation of Raleigh, Episcopal Diocese of North Carolina, convened tonight with Christ Episcopal Church, for a three days' session, Rt. Rev. Joseph Blount Cheshire, bishop of the diocese, presiding and with probably 100 visiting clergy and laymen attending.

The opening sermon was by Rev. Isaac W. Hughes, of Henderson, whose theme was "The Obligation of the Church to the Home Population." The business sessions begin tomorrow. Among the notable visitors are: Rev. Homer W. Starr, Chapel Hill; Rev. F. T. H. Horsfield, Oxford; Rev. S. S. Bost, Durham; J. A. Robinson, Durham; W. H. S. Burgwyn, Jr., Woodland; Rev. T. W. Pickard, Jackson; Rev. J. J. Lenier, Warrenton; Rev. Francis Joyner, Littleton; Rev. R. B. Owen, Rocky Mount; Rev. Henry O. Nash, Pittsboro; Joseph W. Forbes, Tarboro; Gen. R. M. Nelson, Lillington; Edgar N. LeBlanc, Tarboro. The convocation includes a territory covering 18 counties. Rev. N. Colin Hughes is archdeacon; Rev. G. C. Lambe, Henderson, secretary, and W. L. Hall, Durham, treasurer.

Mr. Thomas W. Addicks, assistant curator of the State museum, is suffering from severe scratches in his face inflicted by one of the two bear cubs recently received at the museum and which are being kept alive until their fur is nearer perfected before they are killed and skinned for mounting. The cubs are about seven months old, evidently and when received had collars on them that were rubbing the fur about the neck. Mr. Addicks was attempting to take off the collars for better growth of the fur when the cub got in a severe blow and scratch in his face. The worst lacerations were under the right eye and about the lips. The wounds are healing nicely and will leave no scars.

Hon. M. L. Shipman, commissioner of labor and printing, attended the conference last night of mayors, city officials and newspapermen of Western North Carolina at Asheville for the formulation of plans for he better exploitation of the resources and advantages of Western Carolina with a view to both attracting tourists and permanent settlers and investors.

The report of the Corporation Commission showing the condition of State, private and savings banks in North Carolina at the close of business September 1st, was issued today, there being 355 banks under the supervision of the commission. The total resources are $63,988,552, the deposits being $44,364,113, capital stock $9,352,561; surplus $2,252,745, and undivided profits $2,007,512. The resources show an increase from $62,146,551 to $63,988,552 since the November reports, 1910. However, the aggregate of increase in loans and discounts, State bonds, banking house furniture and fixtures and other resources amounts to $6,944,794.

Day and night forces of carpenters and other workmen are rushing now the work on the new Vass building for the McKinnon Dry Goods Co., and on the Yarborough Hotel, the purpose of the latter rush being to get it as nearly as possible in shape for a temporary opening at least for the accommodation of State Fair visitors. The management says they will have the kitchen, dining room, the lobbies and quite a number of rooms completed by the opening of the State Fair next week.

GENUINE "RAZOR BACK."

One En Route to West Carolina Fair is Missing.

(Special Star Correspondence.)

Asheville, N. C., Oct. 10.—The management of the Western North Carolina fair is greatly concerned about the "razor back" hog, which has been billed to Asheville from one of the western counties. The hog should have arrived yesterday, but failed to do so and the officials are wondering what has become of him. If this hog is lost it will no doubt cause the railroad much trouble and money for damage, for it was only after much searching that they were able to find a genuine "razor back". It appears that the species is getting scarce and the management wished to have one here to go along with some of the fine breeds to show the evolution of the genus hog. Secretary Gudger thinks the hog will be located within a few hours, but if it is not, it is certain that strenuous measures will be resorted to and the railroad officials will no doubt be sending out tracers right away.

WORM IN CUMBERLAND.

Farmers on East Side of Cape Fear Are Suffering.

The Fayetteville Observer of Monday afternoon has the following:

"Mr. Joseph Breece, one of the leading farmers on the east side of Cape Fear river, had in the Observer office today a five-foot stalk of cotton which had been infested and destroyed by a species of caterpillar. Mr. Breece says that he has five acres of fine cotton, one-third of which is open, but that he cannot get hands to pick it out on account of the prevalence of this pest. He says that he fully expected to make two bales to the acre on this tract, but that the caterpillars are fast destroying it, stripping the leaves from the stalks and cutting the bolls and stems.

"Mr. Breece informs us that other farmers in his section and in the western part of the county are experiencing troubles from these caterpillars."

Is the World Growing Better?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see. 50c at R. R. Bellamy's.

WHITEVILLE AFFAIRS.

Mr. J. H. Godwin on Visit—Congressional Politics—Personal Notes.

(Special Star Correspondence.)

Whiteville, N. C., Oct. 10.—Mr. J. H. Godwin, of Mill View, Fla., about 40 miles from Tallahassid, was in Whiteville yesterday. Mr. Godwin was born and raised in Columbus county, but left here 18 years ago to embark in the turpentine business in Florida. He has met with great success. Mr. Godwin stated to the Star's correspondent that he owns several tracts of land in Columbus county and came here with the intention of selling them. But he found such a boom here and the outlook so bright, that he decided not only to hold onto his Columbus county dirt, but will return here and invest largely in other real estate.

Dr. Slade Smith, of Bolton, made his bond as coroner of Columbus county Monday.

Solicitor N. A. Sinclair, of Fayetteville, will be here the latter part of this week in the interest of his race for Congress. Congressional politics are getting warmed up, and the friends of both Messrs. Godwin and Sinclair are at work.

Judge Whedbee will not return to Whiteville for the November term of court. He was expected, but has exchanged circuits with Judge Carter, of Asheville, who is in the home circuit of Judge Whedbee.

Sunday and yesterday was real cool and fires were comfortable. It came near being frost. An early frost would cut the cotton crop in this county nearly in two, as it is unusually late and many bolls not matured.

Mr. H. F. Schulken is now moving his stock into his mammoth new store, recently completed in Vineland and which is one of the most commodious houses in this section. Thompson & Gore have purchased a lot next to the Formy Duval house in Vineland and will erect thereon a handsome brick store.

Mr. Jim Powell, of Vineland, has just completed a store room on his lot, fronting the depot, and which will be rented by Thompson & Gore and a first-class restaurant opened therein. This is something Whiteville has badly needed.

Parties in Wilmington are negotiating for Chief of Police Thompson's registered and trained dogs. They are very fine animals.

Mr. Sam Potts, of Panama, is visiting his mother and other relatives here this week. Mr. Potts is a son of the late Mr. Sam Potts, of Lake Waccamaw.——Miss Aileen Smith, one of Whiteville's most attractive young women, went down to Wilmington to attend the Clansman.——The friends of that venerable old gentleman and veteran, Mr. A. F. Powell, will regret very much to learn that he is quite sick at his home here.

CHALONER DOWN ON LAWYERS

Says They Are Crooks—He Also Denounces Judges

Charlottesville, Va., Oct. 10.—Lawyers and New York's lunacy laws were dealt with today by John Armstrong Chaloner in his deposition before United States Commissioner Booth in the suit for possession of his estate. Chaloner declared that he could have recovered control of his fortune in 1902 but did not make the effort because before his escape from Bloomingdale asylum he had registered an oath "to devote every dollar of his income and every year of his life to overthrowing the tyrannical and barbarous falsely alleged lunacy laws of New York."

Under these laws, he declared, persons are tried in their absence, and the way is opened for turning pure girls into white slavery and imprisoning wives whose husbands desire to be rid of them.

"Most lawyers are crooks," said Chaloner. "I have been fighting them for fifteen years, hence my pronounced feeling about my own profession." He denounced New York judges, giving particular attention to the one who committed him to Bloomingdale.

The taking of Chaloner's deposition will not be resumed until next Tuesday on account of the absence of his attorney Frederick A. Ware, who left tonight for New York to be present in the United States Circuit Court when certain damage suits brought by Chaloner are called.

OWES HER HEALTH

To Lydia E. Pinkham's Vegetable Compound

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, your Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house.

"I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has always helped her.

"I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell every one I meet that I owe my health and happiness to these wonderful medicines." —Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 3.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases.

DURHAM AND S. C.

Important Link of Railway Being Completed—Incest Case Heard

(Special Star Correspondence.)

Durham, N. C., Oct. 10.—Materials have been shipped here and the work of the new end of the Durham and South Carolina Railroad will begin in the immediate future. Vice President J. A. Duncan, of the road, expects the contract to be completed in about six months from the time work is actually begun. The new addition of track will be about 12 miles in length, and the company hopes to complete the grading and the laying of rails at the rate of two miles a month. The Durham and South Carolina Railroad will then have 40 miles of track. It is owned by the Chatham Lumber Company and has along its route 75,000,000 feet of timber already purchased and possibility of there being 100,000,000 unpurchased. As a carrier of lumber the road has been a busy one from the time it was built.

The connection with the Raleigh and Southport, very close to Fuquay Springs, and its near touch with the Atlantic Coast Line, make the road of great importance outside the fact that it is a lumber road. It is highly probable that a passenger and a mail service will be put on later.

Thomas F. Farmer, the man captured in Florida last week and wanted here on the charge of bigamy and incest, was brought home Friday and has been given a hearing, and placed under $2,500 bond for his apearance at the December term of court. He said that he had considerable money invested in the turpentine lands in Florida, but that it would require some time for him to get money to raise his bond, and he was taken back to jail.

The alumni of the University of North Carolina in Durham, are making extensive prepaartions for the celebration of University Day here Thursday. Prof. Horace H. Williams, of the University, has accepted an invitation to make the address on the occasion, and a banquet will be given at the Commonwealth Club.

SOUTHERN RAILWAY.

Annual Meeting of Stockholders in Richmond Yesterday—Directors.

Richmond, Va., Oct. 10.—The annual meeting of the stockholders of the Southern Railway was held here today in the legal general office of the company. The meeting was attended principally by proxies. Col. A. B. Andrews, first vice president, presided.

The following were elected directors of the third class for three years: H. C. Fahenstock, William W. Finley, Elbert H. Gary and Charles Steele, directors of the third class for three years. The annual report to June 30th, 1911, was approved.

Woman's Happiness

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

Mother's Friend

BRADFIELD REGULATOR CO., Atlanta, Ga.

NOTICE OF THE SALE OF LAND.

By virtue of a power of sale contained in a mortgage deed, made on the 8th day of September, 1908, by J. W. St. George and wife, Lucinda St. George, and which said mortgage is recorded in Book 57, on page 297, records of New Hanover County, and default having been made in the payment of a certain note secured by said mortgage, the undersigned will sell at public auction for cash on the 10th day of November, at the Court House door, in Wilmington, N. C., the following described real estate:

Lying and being in Cape Fear Township and bounded as follows:

Beginning at a stake in the Old Avenue of the Rock Hill Plantation, Edward Risboro's Northeast corner, and runs thence Eastwardly along said Avenue three chains and twenty links to a stake; thence South 7¼ degrees West, about 23 chains, to the Southern boundary line of the Rock Hill Plantation; thence, with said Southern line South 59¾ degrees about four chains and 50 links to Edward Roseboro's Southeastern corner, a stake, thence with Roseboro's line North 7½ degrees East, about 26 chains, to the beginning, containing 7½ acres, more or less.

Time of sale will be 12 o'clock.

This the 10th day October, 1911.

J. D. SIDBURY, Mortgagee.

K. C. SIDBURY, Attorney. oc11-law4t

The Only Sweet That's Better Than Meat

The syrup that *lets you know* it's good—wins you by a taste no other syrup has ever equalled. The *whole body* of it is sugar—not just a little sugar added to a thick, tasteless liquid. *One pound* of it has the nourishment of *two pounds* of meat.

ALABAMA SYRUP

is the finest example of a translucent, Georgia ribbon cane syrup. Made by the old plantation "open kettle" process—put into the cans direct from the evaporator while hot. An old fashioned syrup, with the old fashioned smell and made with *old fashioned honesty*—the most wholesome food children can have.

GLORIOUS SUCCESS

IS WHAT

CAYLORD'S Grand Fall OPENING!

PROVED

And it demonstrates the fact that the public are quick to appreciate a departure from "OLD-TIME" high prices on certain classes of goods.

It has always been customary to charge Big Profits on all millinery goods, for the reason that it is chiefly sold during certain periods during the year. But our trade is so large and our stock so great that we have put all millinery articles on an equal footing as to price with all other goods in our big store, and the result is that we have doubled the sales of any previous season.

Thanking our friends and patrons for their liberal patronage, we shall endeavor to still continue to merit same by giving the best values for the least money.

NEW HATS arriving Daily and placed on display as soon as possible.

Big lines of New Dress Goods to arrive on Monday's steamer.

THE STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmingkton, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Wednesday, October 11, 1911.

When a man can't face the music he takes to the woods where it is not necessary to blow his own horn.

The warmer the campaign gets, the more Colonel Roosevelt will feel like going off to hunt whales and let every political tub stand on its own bottom.

If you are going to keep up with the McNamara trial at Los Angeles you will have to begin today and keep your eye skinned every day for the longest court proceedings ever instituted in this country.

Says the Atlanta Constitution: "Many cities have many ways, says a headline. Yet, but it's the Atlanta spirit that counts." The Atlanta Spirit may count, but Atlanta spirits will surely knock you out.

How much of Senator Stephenson's campaign fund of $107,793 got away from those who had it in hand for distribution? No doubt some of them spent their share on themselves. A Stephenson picnic must have been taking several different kinds of drinks one right after another.

It is announced that exports of the Agricultural Department have discovered a method by which the pucker is taken out of the persimmon. We never saw much in a persimmon but pucker, so what's the use to rob a poor persimmon of its only means of defense against people who are not particular about what they eat?

Cities have reputations, just like men. Help to give your city a good "rep." It gets a reputation from the way you knock or act, or from what you do for the good of yourself and your town. All people who want to give their city a black eye should knock and refrain from doing anything so's anybody will notice it.

If a man cannot trace his lineage back to where he is perfectly satisfied, he can start in himself and so act that future generations can trace back to him with some degree of safety if not pride. After many a fellow shuffles off this mortal coil, he would prefer that no one should get out a tracer for a lineage that might look like a cold trail.

When a man spends $107,793 to get elected, he does not part with his swag for fun. The motive behind it is to get elected by any kind of means, and we refuse to believe the integrity of any candidate who relies on the way "money talks." He is bound to know that in a campaign the only influence money can have is to demoralize, debauch and corrupt voters in some way, shape or form. A man of scruples won't do it and a man who does it furnishes strong evidence that he hasn't got any scruples worth mentioning.

Every shingle a knocker takes off the roof of his home town, lets in that much more rain on his own head. The knocker might as well waste time complaining about the regulation of the weather as to raise cain about certain conditions which he is powerless to remedy if he were given a chance. Knockers have no remedies and if they were given a few to apply they would take to the woods. The philosophical citizen remedies what he can and knows it is useless to kick about something he is powerless to remedy. Every city has something to be hopped on by the critics, but the knocker generally is a fellow who would lie down in any attempt to alter a situation of which he complains. Be either an optimist and hope for the best, or a philosopher who passes over what he can't possibly remedy or which his city is unable to accomplish.

THE WAR SITUATION

The utter helplessness of Turkey accounts for the fact that very little real war news is coming to the surface since Italy's declaration of war. The Turks have no navy that can operate against Italy, and her army is at home holding its hands far away from Tripoli where it cannot go to meet the enemy. Meanwhile Italy is taking her time about occupying Tripoli, while her navy is holding the city under its guns till the invading army can be landed in sufficient force to hold its own against a few Turkish troops and hordes of Bedouins which hang around the city to give trouble to any small force that may be landed. Yesterday morning dispatches indicated that much, for they stated that Bedouin cavalry and Turkish troops are lurking around the outskirts to make trouble for the invaders.

Evidently, the Turks and Bedouins, those fanatical fighters of the desert, are preparing to give the Italians something to do when the invaders finally take Tripoli and begin to attempt to establish themselves in the interior. Taking the city is one thing and conquering the wild tribes is another. It must be remembered that while Tripoli appears to be a small country, it is really one of 400 square miles in extent, largely inhabited by Arabs who probably constitute two-thirds of the scattered population of 1,500,000, according to the latest estimates. We observe, therefore, that the Tripolitan country embraces a country equal to that of Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana. While the population is small it is largely nomadic, and the Italians will likely be confronted by incursions of large bodies of Arabs which will flock from North African countries to the aid of the tribes in the territory in which Italy hopes finally to establish her authority.

For years, at least, Italy's occupation must be largely a military government, and doubtless it will require a standing army of 200,000 men several years to hold the region and restore it to anything like an orderly country, open to settlement by the surplus population of Italy. There are already large Italian settlements in the coast country, and for the very reason that their presence is not welcomed and that they have been accorded few rights and no respect, owing to the inability of Turkey to compel fair treatment for them, Italy declared war and proposes to do what Turkey evidently was powerless to do.

The tone of the dispatches of the past few days indicates that Italy will soon have a free hand in Tripoli, for the Turks are too far away and have neither the navy, nor the transports, nor the finances to send troops to Tripoli to cope with the Italians. For Italy to attempt to conquer European and Asiatic Turkey would be quite another thing, and it is plain that Italy's plan is to simply hold Tripoli while the Ottoman government is powerless to help itself. The Turks may be able at home to make a long war for Italy, but so far as wresting Tripoli from Italy is concerned that will never be done.

Turkey sees the inevitable in that particular and since she won't get a chance to fight at home and can't fight in Tripoli, she is appealing to the powers as her only help in getting out of a situation in which it is impossible for her to help herself. It was pretty broadly hinted in yesterday's dispatches that if complications rise in Turkey, the powers will take continental Turkey in hand. That would mean the parcelling out of European Turkey among the powers and the end of Turkish rule in Europe. Evidently, that will be the final disposition of the Terrible Turk.

DRAIN WILMINGTON.

A not very insuperable but exceedingly important problem is that of thoroughly draining Wilmington. Now is the time to plan it and Winter is the time to do it with the least menace to health. The whole city ought to be gone over by the authorities and experts, and the damp places, drains and branches spied out for destruction by some plan of drainage.

Inside the corporate limits there are many such places that should receive attention, but the principal one is Macomber's ditch. That winding eyesore should disappear from the face of the earth, and in the suburbs generally there are localities that need drainage. One of our first aims should be to make Wilmington a more healthful city. We may do it by co-operating with the city government measures for sanitation and in draining the places which may contribute at any time to a bad health record. Ordinarily, Wilmington is a healthful city, but certain localities lower the health record for the city as a whole, so it is wise to get rid of them by blotting them out with underground drains and tiling.

If we don't know how to do it let's get the Agricultural Department to send us one of its drainage experts so he can tell us how to do it economically as well as effectively. A government drainage engineer, Mr. F. G. Eason, has been sent to Summerville, S. C., to consider the problem of draining that town and the surrounding country and he recently made a most interesting report concerning the plans and benefits of a drainage system that can be undertaken by the town and land owners in and out of town. The organization of a drainage district, taking in the town and a considerable part of the country, has been suggested, and that is a capital idea where towns themselves are not able to do the drainage.

Where drainage projects are extensive, it is more economical to secure a drainage engineer, and it is worth while to note that government experts are being sent out by Mr. C. G. Elliott, chief of drainage investigations, to whom application can be made. The experts consider the quantity of rain fall to be provided for as well as the grades and scientific features involved, and all told it means economy and efficiency to have the grounds looked over.

Sections of the city and East Wilmington, cutside of the city, should be drained, and as the government is interested in the drainage of at least one branch of Smith's Creek, it is quite probable that a drainage district in East Wilmington would be largely aided by the government on account of the National cemetery. Anyhow, it would be a good idea to get a government expert here to look over the entire situation.

Engineer Eason, who was sent to Summerville, has not only suggested plans for benefitting the town, but he has gone extensively into a report showing that a drainage district would reclaim many acres of valuable lands outside the town as well as greatly benefitting property owners in town, while accomplishing the main object—making the town healthful.

LAND EXPOSITIONS.

The land show idea seems to have been taken up in some sections of the South, especially in Georgia. The ordinary agricultural fair used to serve the purpose of exhibiting fine agricultural products and live stock, horse racing, and fakirism. A few prizes were awarded for the agricultural products, and the winning of the prizes seems to have been the main thing. The land show means more than an agricultural fair. It combines a fair and the object is not to advertise what can be done, but what is actually being done. The exhibits are not displayed so much for the reason that they will take a prize, as for the purpose of advertising a country by showing what the land actually does. The main object is to advertise the land and induce homeseekers to come and aid in building up the resources of the country.

The land show is a business proposition, and the show is for the purpose of attracting visitors and selling them land. At an old time agricultural fair a visitor saw some fine products, and perhaps they didn't even have a tag on them showing who was the producer. Now the name of the producer is given, as well as the quantity per acre produced, the number of crops produced on the same land in one season and the net results of different farming operations. Interest attaches to such an exhibition, and the actual farming results are emphasized more than the mere exhibition of fine agricultural products without any particulars to really inform the visitor.

To show a few big potatoes is all right, but it is business to state the amount of production per acre and the net result in money from the land in various crops. It makes a visitor sit up and take notice when he sees the potatoes and then learns that he can make $60 to $150 an acre growing potatoes, or become impressed with the fact that $750 an acre has been made this season in growing two or three kinds of crops on land near Wilmington, for instance. It is what land can do that is shown at a land fair, and then everybody who has land to sell is on hand to make it known. Everybody at the show knows where to go to find out where they can buy.

A land show at Wilmington next Fall would astonish the nation, much less the visitors who would come here to see the exhibits, learn what our land can do and be on the look-out for land that makes it easy to live in the Nation's Garden Spot.

The arrival of the overcoat is a sign that the straw hat will have to go into hiding.

CURRENT COMMENT.

Kill Devil Hill is the Wright jumping off place.—Atlanta Constitution.

The wide claims that North Carolina is always first in every battle has induced the United States Army to place a branch of the Richmond recruiting station at Rocky Mount in that State.—Norfolk Virginian-Pilot.

Hemphill is qualifying for his new post as editor of The Charlotte Observer. He made a speech at Winston-Salem the other night in which he declared that he was now convinced that Andrew Jackson was born in North Carolina. He will have swallowed the "Mecklenburg Myth" before November 1st.—Charleston Post.

James J. Hill is reported as saying that he sees a period of great prosperity ahead of the country, to begin shortly and run for some time. Mr. Hill is a far-sighted captain of industry. Now, we shall see whether he orders new equipment for his railroads and increases the number of his employes.—Savannah News.

The Norfolk Southern Railroad deserves credit for bringing the Ohio farmers to this section. Such trips are the best kind of advertising for Eastern North Carolina, and a few enthusiastic men, who go home and tell of this great section, will have a greater effect than thousands of dollars spent in booklets. "Seeing is believing."—Newbern Sun.

Mr. William C. Brown, president of the New York Central Railroad Company, brought back from Europe, where he spent the greater part of the Summer, the opinion that the farmers of this country have much to learn. The opinion is correct, otherwise we shouldn't be taxing ourselves to maintain agricultural colleges, a department of agriculture in each State and a national department of agriculture. And our farmers are ready and willing to be taught. They are more anxious to get a bale of cotton per acre where they get only half a bale now and fifty bushels of corn per acre on land that produces less than twenty. In an interview on his arrival in New York, Mr. Brown said: "In England they produce twice as much on an acre of land as we do, and on land that has been used for a thousand years and not half as fertile as our land. Seed selection and close study of every principle of agriculture has brought the people to that scientific point of production. In Germany every child spends part of his time in an agricultural school."—Savannah News.

REUNION OF BLADEN VETS.

Great Time Yesterday at Elizabethtown—Address by Capt Currie

(Special Star Telegram.)

Elizabethtown, N. C., Oct. 10.—Despite a cloudy day and the busy time of harvesting the cotton, Bladen's good people made the reunion of the old soldiers a success from every standpoint here today. Early the crowd began to gather at the Court House where the band was playing sweet music. Hon J. H. Currie, of Fayetteville, a veteran of the war and of speech, was introduced by one of his comrades of the sixties, Mr. William Russ, of Bladen. Mr. Currie spoke for an hour, warming the hearts of the few remaining veterans of the great struggle with memories of past valor and dispensing history to the younger people that has never been written. Mr. Currie's tribute to the old veterans and his speech generally won for him the esteem of all who heard him. There was only about 30 or 40 of the old boys here to answer roll call, many having died since last meeting. Col. W. S. Black was kept away on account of being sick. His lieutenant, W. B. Hester, had charge of the programme and managed all successfully. The Parkton concert band furnished the music which was enjoyed by all. A business meeting was held in the afternoon and the camp was broken to meet again next year.

Dr. Page, the hookworm specialist, is here and will begin arrangements for establishing a hospital tomorrow for treatment of those inhabited with the popular disease.

For the benefit of Whiteville's White Marsh fishermen applications for fish bait will be filled promptly by applying to W. E. Hall.

NORTH CAROLINIAN ...ORT

Was Paymaster's Clerk on Battleship California

Washington, Oct. 10.—The Navy Department has been notified by Rear Admiral Thomas, commandant of the Pacific fleet, of an alleged shortage of about $2,000 in the accounts of Chas. A. Gibbons, paymaster's clerk on the battleship California. The Department of Justice has been requested to locate and arrest Gibbons, who is bonded for more than twice the amount involved.

Gibbons left the ship seevral days ago on leave. Shortly afterward the discovery of a shortage was reported. Gibbons is said to be a native of North Carolina, and to have a wife and child in San Francisco.

MORE MONEY FOR COTTON

Governors of Five Southern States Endorse Plans for Conference

Austin, Texas, Oct. 1.—Governors of five Southern States have endorsed the proposal of Governor O. B. Colquitt, of Texas, for a conference on higher prices for cotton. They are the chief executives of Virginia, South Carolina, Alabama, Florida and Arkansas.

HELPLESS WOMAN
DOWN IN BED

A Terrible Tale of Suffering and the Facts About Mrs Bratcher's Case

Ready, Ky.—"I was not able to do anything for nearly six months," says Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use, for I was nearly dead, and nothing seemed to do any good, but I used eleven bottles, and was then able to do all my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

I will always praise Cardui for what it has done for me."

Are you weak, tired, worn-out? Do you suffer from any of the pains peculiar to weak women? Do you suffer in any way like Mrs. Bratcher?

If so, then take Cardui, the woman's tonic, for it will certainly help you.

At all druggists.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

VESSEL MADE QUICK VOYAGE.

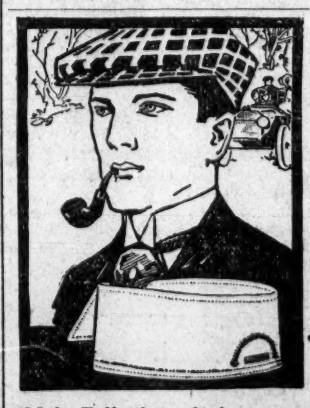
Comes to Wilmington From New York in Three and a Half Days.

With a voyage that almost equalled the record to her credit, the schooner Rebecca R. Douglass, Capt. Spencer, arrived in port yesterday from New York, requiring only three days and a half to make the trip. The schooner brings cargo of salt to be discharged at the Seaboard terminals.

The British steamer Royal Knight, Capt. Dalton, arrived in port yesterday from Cardenas, Cuba, to receive cargo of cotton from Messrs. Alexander Sprunt & Son for foreign export.

Will Give Dogs Try-Out.

Councilman B. C. Moore, in charge of the Department of Public Safety, will leave this morning for Whiteville, where he goes to witness some exhibition work of two bloodhounds owned by Mr. Davis and Chief of Police Thompson, of Whiteville. The city is on a trade for the dogs and will very likely purchase them if the tests prove satisfactory. The dogs will be brought to Wilmington tomorrow and given a try-out for the benefit of other members of the Council and members of the Board of County Commissioners. If the dogs are purchased they will be owned jointly by the city and county.



IN the Fall when clothes count so much smart dressers are even more careful about their collars. You see the style leaders everywhere now wearing TRACTOR, the new wing collar.

It is the fashionable collar with the patented *"Buttonless-Back"* that does away with collar-button troubles.

TRACTOR is made with "Slip-over" button holes in front. It is the snappiest wing collar ever designed. Ask your dealer.

COUNCIL'S REGULAR MEETING

Routine Matters Occupied the Time of the Body for Hour Yesterday Afternoon—Clash With An Attorney

Undoubtedly the most unimportant and uninteresting regular session of the City Council ever held, was the meeting yesterday afternoon which lasted only one hour. Occasional clashes between an attorney appearing before the body and a member of the Council furnished the only real life of the session. Mayor Smith presided with Councilman P. Q. Moore, B. C. Moore and Perdew in attendance. Councilman Tiencken has not yet returned to the city. Councilman P. Q. Moore remained at the meeting only a short time as he had some matters to look after before leaving on the evening train for Richmond and other points North.

There was present a large delegation of wholesale grocers on the wharf who had come to protest against the enforcement of an old ordinance which had just been discovered relative to box cars standing on the dummy line. The merchants had been advised from the Mayor's office that it was the purpose to enforce to the letter the old ordinance and the delegation was present to enter protest on the ground that it would mean that no merchant could do business on the wharf. Mr. J. Allen Taylor, who was spokesman, asked that the ordinance be repealed in its entirety and that as a substitute that cars be allowed to stand anywhere on the line except at street intersections. Assistant City Attorney Geo L. Peschau interrupted Mr. Taylor long enough to say that the ordinance about which Mr. Taylor was talking was repealed some time ago and in its place one was adopted that embodies the suggestion of Mr. Taylor. The amended ordinnace was read and it was found that it met the approval of merchants as well as the Councilmen.

"I blame the Mayor for the mistake," said Mr. Taylor. And Mayor Smith explained that he was not after the merchants, that it was not desired to interfere in the least with them in receiving and shipping goods, but that he was after the Coast Line for using the dummy line os sort of "storage" for the box cars. Mr. Taylor remarked that the congestion which prevails at present is due to heavy cotton shipments and this condition would soon remedy itself.

Practically the remainder of the session was consumed in consideration of a second request of Mr. E. Eberhardt that he be granted a license to conduct a meat market at corner of 11th and Market streets. This application was turned down by the Council a few weeks ago upon the recommendation of Councilman B. C. Moore to whom complaint had been made that the place operated as grocery store, was kept open late at night and that there were both men and women there making merry until early in the morning. Hon. John D. Bellamy appeared for Mr. Eberhardt and urged that the license be granted. He said that Mr. Eberhardt had rented the building for 12 months and it would be quite a serious loss to him to have to pay rent and not be permitted to carry on the business for which he rented the place. Words between Mr. Bellamy and Councilmen B C. Moore and W. E. Perdew were somewhat heated at times. Mr. Bellamy said that he did not believe the Council could deprive the young man of the right to conduct a meat market by refusing to grant him a license for the business and intimated that he would take the matter into the courts. In voting again to not grant the license the Council acted upon the advice of Assistant City Attorney Geo. L. Peschau, market houses coming under police regulation. Councilman P. Q. Moore voted to grant the license because, as he explained, he did not feel that the city had the right to refuse it. The other three members voted to not grant the license.

"In all my 36 years residence in Wilmington I never before heard of such an action as this," said Mr. Bellamy.

"We don't need any of your comments, Mr. Bellamy," said Councilman B. C. Moore, with emphasis. Councilman Perdew thought Councilman Moore was right in his remark and at another stage during the discussion he told Mr. Bellamy that he need not think he could come before the body and make it go against the recommendation of the Councilman who had made an investigation of the matter.

A communication was received from Mr. John J. Blair, superintendent of the city schools, asking that a fire alarm box be installed at the High School. The matter was referred to Councilman B C. Moore.

A communication was received from Mr. D. G. Vafiada, a well-known Greek, asking that the Council permit John Andrews, also a Greek, to keep his restaurant at Fourth and Harnett streets, open until 11 o'clock at night instead of closing at 9 o'clock as he is now required to do under the city ordinance. Action was deferred until next meeting.

Complaint was made in a communication of the noise made by hacks and persons afoot and of the disorderly conduct on Chesnut street at night. Councilman B. C. Moore said that he would station a plain clothes officer on Chesnut street, between Seventh and 11th streets.

Certain information relative to the city's financial standing was asked in a communication from Fred McKenzie. The matter was referred to Councilman Tiencken.

Several ordinances or amendments came up on second and final reading, but action had to be deferred until the next meeting, Councilman P. Q. Moore had left the meeting which left not enough votes to carry some of the measures as Mayor Smith would have voted in the negative.

After approving the securities furnished by those who rented stalls, etc., at the city markets, the Council adjourned at 5 o'clock.

—Mr. Benjamin Ballard, of Boston, Mass., has arrived in the city and will be here and in the vicinity several weeks inspecting telephone poles for the New England Telephone Co.

PHYSICAL CULTURE FOR GIRLS

New and Important Department Added to High School Work—Mr. Chas. Dushan Secured As the Director

For many years there has been felt a great need for the physical development of the school girls of the city. The boys have every means for physical recreation and development in the gymnasiums of the Y. M. C. A. and the Boys' Brigade, also on the baseball diamond, the football gridiron, tennis courts, etc., while there is almost no opportunity whatever for the girls along the same lines of health and strength-giving exercises.

To meet this great need a physical culture class has been added to the High School for the girls of all grades in the institution. This class will be under the direction of Mr. Chas. Dushan, the secretary of the Boys' Brigade, who was for 15 years one of the foremost physical directors in the South, having filled this position in one of the large Young Men's Christian Associations in the South and West and was in charge of this department while general secretary of the Wilmington Y. M. C. A. In addition to 15 years of practical work as a physical director Mr. Dushan spent several years in prepartory study, and is today recognized as one of the most successful and best equipped physical directors in the whole South, recently declining several flattering positions that he might remain with the Boys' Brigade and continue a work for the young men and boys of that popular and important organization.

Physical instruction is a regular part of the work of the schools in other cities and this beginning in the Wilmington High School marks an advanced step in the right direction and should be added to include every school and for every student in the city, boys as well as girls. The classes at present will be conucted twice each week at the High School. Classes for the many boys who need such work may be organized shortly, though no definite plans to this end have yet been formulated.

In proving this feature of school life a great need to be met which will undoubtedly have a very helpful effect upon the health of the girls of the city and should receive the fullest co-operation and encouragement of all those interested.

Y. M. C. A. NOTES.

Meeting Last Night of the Directors. Bible Classes Meet.

The first meeting of the Fall of the directors of the Y. M. C. A. was held in the parlors of the organization at 6:30 o'clock last night, following a supper served in the building. Mr. John R. Hanby presided and Dr. J. W. Stanley was present as secretary. Reports of the Summer work were received, showing that the religious work was especially gratifying. It was also shown that the membership of the organization is large for this season of the year. The directors were well pleased with the prospects for a splendid year's work in the institution.

The Bible Study Class held its first meeting of the Fall Monday night. Mr. R. F. Coleman, the former secretary of the class, was elected president, and Mr. J. Utley King, secretary and treasurer. Rev. Dr. A. D. McClure, who has been teacher of the class for a number of years, will lead the class again this year. Dr. McClure was present at the meeting Monday night and outlined the Winter course, which will be a study of Isaiah.

The David G. Worth Bible Class held its first meeting of the Fall Monday night also. C. R. Delamar was elected president; J. P. Betts, secretary, and Owen Filyaw, treasurer. One of the graded courses gotten out by the International Committee was chosen and the boys will take the regular examination at the close of the season. The class will meet every Monday night for study and will have a social session once a month. General Secretary J. B. Huntington will be the teacher.

The boys' classes were organized yesterday afternoon for the Winter's work under the leadership of Mr. Ben Thees, physical director. Owing to the rapid growth of the boys' work it was necessary to organize the boys into two divisions. The boys ranging in age from 12 to 14 years will have use of the gymnasium from 2:45 to 4 P. M. on Tuesdays and Thursdays and on Saturdays from 9:45 to 11 A. M., and the boys ranging in age from 14 to 16 years will have the gymnasium on Tuesday and Thursday from 4 to 5:15 P. M., and on Saturdays from 11 A. M. to 12:15 P. M. There is a membership campaign on this week among the boys. Each boy has pledged himself to secure a new member this week or next and there is much enthusiasm in the contest.

RAN INTO BUGGY

Negro Drove Into Vehicle Occupied by Mrs Daisy Williams

A warrant has been issued for a negro, Henry Taylor, charging him with reckless driving and the police expect to arrest him before morning. It is charged that Taylor, who was driving a hack in which were two negro women, all apparently well under the influence of some intoxicant, ran into and overturned the buggy of Mrs. Daisy Williams in front of the bakery on North Fourth street late yesterday afternoon. Mrs. Williams and little son were in the buggy at the time and were precipitated to the ground, but fortunately escaped serious injury. The buggy was not damaged.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby, of Marengo, Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

THE IMPROVED RANGE LIGHTS

Commissioner Says Work Will Begin on Cape Fear Within a Short Time—Letter to Commissioners of Navigation.

It will be recalled that at the last meeting of the Board of Commissioners of Navigation and Pilotage, information was desired as to when the work of installing improved range lights in the Cape Fear river, as provided for in an appropriation secured at the last session of Congress by Senator Overman, would begin, some impatience being manifested with reference to this much needed improvement.

The chairman of the board immediately took the matter up with the proper authorities at Washington and on yesterday received the following letter from Commissioner Putnam, which will be read with interest by those identified with the maritime interests of the port:

"Washington, D. C., Oct. 9, 1911.

"Board of Commissioners of Navigation and Pilotage for the Cape Fear River and Bars, Wilmington, N. C.

"Gentlemen:—Referring to your letter dated October 5, 1911, requesting that you be advised of the status of lighting the Cape Fear river under the appropriation of $21,000, made by Congress:

"You are advised that the plans submitted by the Inspector have been approved, and work will be started at an early date on the section between Southport and Orton Point. It is proposed to use acetylene for the illuminant. The ranges will have a height of approximately 17 feet and 37 feet for the front and rear lights, respectively, and the beacon lights will be about 17 feet above mean high water; 31 lights will be established.

"It has been found that the present appropriation is insufficient for the complete lighting of the river, and recommendation will be made to Congress for a further appropriation for this purpose. "Respectfully,

"G. R. PUTNAM,
"Commissioner."

HON. JOHN G. SHAW

Candidate for Lieutenat Governor—Announcement of Interest

Yesterday afternoon's Fayetteville Observer has the following of State interest:

"Hon. John G. Shaw is a candidate for the Democratic nomination for Lieutenant Governor of North Carolina. This announcement was made by Mr. Shaw to an Observer representative shortly after noon today.

"Hon. John G. Shaw is one of the ablest members of the bar of this section of the State, and has strong friends not only in eastern Carolina, but all over the State. Couple to these qualifications the fact that this section of the State has been for years ignored, when it came to naming nominees for State offices by Democratic conventions, Mr. Shaw's candidacy will undoubtedly receive serious consideration by the entire Democracy of the State; and with fine prospects of its favorable termination.

"His friends in eastern Carolina will rally to his support and make a mighty effort to land this place for this much patronage-neglected section.

"Mr. Shaw was a member of the Legislature in 1886, presidential elector in 1892, and a member of the 54th Congress of the United States, serving in 1896-97. He is an able speaker, physically strong and in the best of health, and if nominated will prove a power on the stump."

LOST HAND IN GIN.

Mr. J. B. Davis, of Rocky Point, Suffers Painful Injury.

Mr. J. B. Davis, a prominent citizen of Rocky Point, Pender county, suffered a painful laceration of the right hand in his cotton gin, three miles from his home, at Lane's Ferry, yesterday morning about 9 o'clock, necessitating the amputation of the hand at the wrist at the Wilmington Sanitarium, in this city, to which he was brought soon after the accident.

Mr. Davis was working about the gin when it became choked. He attempted to unchoke the rapidly revolving saws by reaching underneath the breast of the machine and in doing so, had his hand caught and drawn into it. He was hurried as soon as possible to Castle Haynes and there he was met by an automobile from Wilmington, sent out by Mr. John C. Heyer, of Heyer Brothers, and conveyed to the Sanitarium here. He was accompanied by Dr. R. J. Williams, of Rocky Point, who, with Dr. Frank H. Russell, performed the operation. Mr. Davis was resting very well yesterday evening and it is hoped that he will be able to be out again in a few days.

SOME REFORM NEEDED

Complaint as to Scavenger Work Being Carried on Too Early

Residents in the vicinity of Ninth and Princess streets and all those passing that way on their way home from the theatre last night about 10:30 o'clock were highly incensed as well as outraged at the appearance of scavenger carts in that section at that early hour. In the party were large numbers of ladies who were loud in their denunciation of what they said was an outrage for which some one should suffer. It has been argued that under the sanitary system of handling the cans, this work could be done even in day time, but those who went through the experience last night declared that the method of handling the cans was far worse than anything they had ever heard of under the old method. Several complaints have recently been made of the operation of the scavenger carts so early and it is likely the Council will have to take a hand in the near future unless there is a remedy.

Lad Broke Right Arm.

Wickoyffe Twining, nine-year-old son of Capt. Harvey C. Twining, of No. 515 North Fourth street, fell from a tree while watching a game of amateur baseball at 13th and Market streets yesterday afternoon, and broke his right arm. The little fellow fell some distance to the ground, but sustained no other injury beyond that mentioned. The broken limb was set by Dr. C. D. Bell.

OPERATE GOOD ROADS TRAIN

Atlantic Coast Line Takes Progressive Step Toward Encouragement of Highway Building in Its Territory.

It was announced yesterday from the office of the Agricultural and Immigration Agent of the Atlantic Coast Line in this city that, starting from Richmond, Va., on November 25th, the Coast Line will operate over its entire system the National Good Roads Train, having for its purpose the stimulation of highway improvement throughout the territory traversed by this splendid railroad system.

This train will consist of two coaches, one of which will contain models, operated by electricity, of road working machinery of various kinds and forms of various kinds of good roads. These will be displayed in an attractive way and will be open to the public at each point where stops are made. The other coach will be equipped for lectures and stereopticon views, while a private car will accompany the train for the accommodation of the lecturers and road building experts who have been enlisted in the campaign. Among those who will compose the party will be road engineers from the United States government and a representative of the American Association for Highway Improvement. This train will make from one to two stops in each county through which the road extends in the States of Virginia, North and South Carolina, Georgia, Florida and Alabama, the itinerary to be announced later. Free demonstrations of practical road building with stereopticon lectures and views will be given at each stop and everything possible will be done to enlist the support of the people in this forward movement for internal improvements. Not only will the building of roads be taught, but there will be lessons in road maintenance, with a view of reducing the cost to farmers in moving their crops to the railways. The public is invited to co-operate in every way and to attend these conferences.

IMPORTANT MATTERS UP.

Meeting of Chamber of Commerce Thursday of Interest.

The question of deciding upon the exhibits to be displayed in the booth provided for Wilmington in the Southern Commercial Congress building in Washington by an appropriation from the city, which has been left to the people in general to make a good showing, and the controversy with reference to regulations governing navigation on the Cape Fear river, will be some of the important matters to be considered at the meeting of the Chamber of Commerce tomorrow afternoon at 4 o'clock.

The city has already paid the first month's rent on the Washington booth and some action must be taken in regard to the exhibits at this meeting. Local shipping has expressed considerable opposition to a letter written by Capt. Rand, Corps of Engineers, U. S. A., in charge of this district, bearing on the subject of local Wilmington regulations, and some action with reference to the matter will likely be taken by the Chamber.

A number of other matters of general interest will also be considered.

FUNERAL OF MR. ROSE.

Remains of Venerable Citizen Laid to Rest at Acorn Branch.

In the presence of a large number of friends and acquaintances of the family, impressive funeral services were conducted at Acorn Branch Church, in Cape Fear township, yesterday afternoon at 4 o'clock in honor of the late Mr. George Rose, who passed away at the home of his daughter, Mrs. W. A. Lineker, Sunday night, the Rev. Wm. E. Cox, rector of St. John's Episcopal parish, this city, officiating. There were not only many people from the community in which Mr. Rose lived in attendance upon the obsequies, but many friends went out from the city. Mr. and Mrs. Lineker desire to thank one and all for their great kindness and sympathy during the hour of their deep affliction.

The interment was made in the churchyard at Acorn Branch, the pallbearers having been Messrs. William Blossom, Carl Seitter, Colon Kerr and David Joyner.

STREETS AND SIDEWALKS.

Councilman Moore Calls for Bids—Work to be Done.

Elsewhere in today's paper will be found an advertisement for proposals, from Councilman P. Q. Moore, in charge of the Department of Streets and Wharves, inviting bids for approximately 1,000 square yards of sidewalk improvement for the city of Wilmington during the year 1911 and for grading Brunswick street, between Water and Second, preparatory to the permanent improvement of these thoroughfares. These bids are invited to be handed in by noon, October 24th, at which time they will be opened and an award of the contract will be made. The advertisement elsewhere in today's paper gives all particulars. Blank forms of proposals and other information may be had by applying to the office of the City Engineer.

WHAT OLD FOLKS NEED

Some Are Younger at 65 Than Others Are At 40 Years

So many people begin saying "Well, I m getting old now," about the time they reach 60, and then let themselves act old—and the fact is they could stay young for a long time, in all but years.

We have seen men and women of 65 who were really younger than some are at 40 years; were more active and more up-to-date in everything.

When your energy begins to fail build yourself up with our delicious cod liver and iron remedy, Vinol, which is a wonderful tonic and strengthener for all weak persons.

A gentleman of Allentown, Pa., says: "I am 76 years of age and find Vinol a great medicine. It is wonderfully strengthening and comforting to me." (Name on request.)

Thousands of feeble old people have found Vinol to be just what they need to revive their flagging strength. We guarantee it to please you—money back if it does not. Robt. R. Bellamy Druggist, Wilmington, N. C.

MRS. ARMOR TO SPEAK

Address in First Baptist Church on Temperance, October 18th

The Woman's Christian Temperance Union of this city would sound a bugle call to arrest, if possible, the attention of the people and direct their thought toward a coming event of the greatest interest and importance.

On October 18th, in the First Baptist church, Mrs Mary Harris Armor, of Georgia, will deliver one of her wonderful addresses on the subject of temperance. Those who have heard this gifted speaker are at a loss for words to express their admiration, while both press and pulpit heap upon her appelation and tributes of praise.

L. O. Jones, president of the Nebraska Epworth Assembly, has this to say: "As intense as LaFollette, and as eloquent as William Jennings Bryan, Mary Harris Armor is a dynamic force on the platform which is overwhelming and irresistible. To an audience of fully 4,000 in number at the Nebraska Epworth Assembly Mrs. Harris Armor surprised, amazed and captivated all who heard her."

The Golden Age, November 14th, 1907, says: "Mrs. Armor's phenomenal eloquence that leaps like lightning from her marvelous tongue has astonished thousands all over the Nation and made the liquor men think of the judgment day, brimstone and a few of the appurtenances of impending doom."

It is hoped that the ministers will cancel their prayer services on that night, so that all may enjoy the great intellectual treat, as well as to receive the moral and spiritual strength which receptive hearts always derive from the addresses of Mrs. Armor.

ANOTHER DULL DAY IN COURT

The Recorder Had Only Few Cases to Claim His Attention

Yesterday was another dull day in the Recorder's court, there being only a few cases for trial. The only case of any interest on the docket, one in which B. B. Sloan, colored, is charged with selling whiskey, was continued until today. Sloan is charged with selling whiskey to another negro named William Loftin. He is represented by L. Clayton Grant, Esq., who asked for a trial by jury. The request was denied by Recorder Furlong so he himself will pass in judgment upon the case when it is tried today.

W. Opperly, white, and John Henry, colored, were found on the local railroad yards Monday night in a box car, evidently preparing to leave the city in this way. An officer arrested them and at the hall a charge of vagrancy was entered against each and the additional charge of drunkenness against the white man. The Recorder suspended judgment upon condition that they leave town before 4 o'clock in the afternoon, which they gladly agreed to do. Opperly and Henry came here about a week or ten days ago.

Sadie Russell, colored, was assessed $5 and costs for disorderly conduct, while Virginia Sykes paid $10 and costs for a similar offense.

FREE WILL BAPTIST CHURCH

Organized in This City Monday Night Rev. A. C. Thorpe Pastor

A Free Will Baptist church with a membership of 25 was organized Monday night by Rev. W. B. Beckam, of Dunn, formerly of this city. The congregation will worship in a building on Wright, between Second and Third streets, which has been remodeled for the purpose. Rev. A. C. Thorpe, of this city, has been called to the pastorate of the church and has accepted. Regular services will be held.

Gives Aid to Strikers

Sometimes liver, kidneys and bowels seem to go on a strike and refuse to work right. Then you need those pleasant little strike-breakers—Dr. King's New Life Pills—to give them natural aid and gently compel proper action. Excellent health soon follows. Try them. 25c. at R. R. Bellmy's.

DAVID'S

OUR idea of our business is one that ought to make your idea of it a favorable one. We're trying to be of real service to the men of this community in the important matter of things to wear. We begin with

HART, SCHAFFNER & MARX

clothes; the best service is in them; and we mean to have everything else in the store measure up to that standard of quality and excellence. With such a spirit here, and such merchandise, you can't possibly go wrong in buying.

We'd rather serve you than sell you; selling is only part of serving.

We Make Suits to Order from $15.00 Up.

SOCIETY

Miss Alice Walker returned yesterday morning from a visit to friends in the North.

* * *

Mrs. C. Fenley and little son, Tom, have returned to their home in this city, after a pleasant visit in Scotland, Mrs. Fenley's former home.

* * *

Mrs. J. W. S. Robinson and daughter, Miss Edna Robinson, of Delta, Sampson county, are visiting relatives and friends in the city for a short while.

* * *

Mr. and Mrs. W. H. Ellis, of Charleston, S. C., arrived last night from Norfolk, Va., to spend a while with their parents, Mr. and Mrs. H. Gerdes, and to be present at the 25th anniversary of the marriage of Mr. and Mrs. Gerdes next Tuesday.

* * *

Mr. and Mrs. Parker Quince Moore left yesterday evening for a trip North and will be away from the city for a week or longer. They will visit New York and other places of interest and while in New York expect to attend some of the world's championship baseball games.

* * *

Yesterday afternoon's Fayetteville Observer has the following of local interest: "Ex-Judge T. H. Sutton has gone to Weaverville, in western North Carolina for his health. We trust that Mr. Sutton may find that salubrious climate beneficial and that he may soon be himself again."

* * *

The mission study class which is being held at the Parish House of St. James' Episcopal church, conducted by Miss Grace Lindley, drew a large congregation of ladies again yesterday afternoon and fine interest is being shown. The meeting this afternoon will be held at 3:30 o'clock instead of at 4:30 as previously announced.

* * *

Many friends will regret to learn that Capt. J. M. Carleton, a popular Pullman conductor running on the W. C. & A. road, has been transferred to the Jacksonville, Florida, district, and in future will make that his headquarters. Mrs. Carleton and little daughter will leave this afternoon for Jacksonville, where they will make their future home.

* * *

The regular business meeting of Grace Methodist Baraca Class was held in the lecture room of the church last night. Officers for the ensuing term were elected as follows: Rev. J. C. Wooten, teacher; J. A. McNorton, Esq., president and assistant teacher; L. A. Scott, vice president; R. E. Doles, secretary; S. A. Troy, assistant secretary; W. F. King, treasurer.

* * *

The Home Mission Society of Grace Methodist church will hold its regular monthly meeting this afternoon at 4 o'clock in the lecture room of the church. Members are requested to note the change in hour of meeting from 5 to 4 o'clock. All members of the society and all other ladies of the congregation interested in home missions are invited to attend the meeting this afternoon.

* * *

Rocky Point, N. C., Oct. 10.—Invitations have been issued here reading as follows:

"Mr. and Mrs. William Sanderson invite you to be present at the marriage of their daughter, Annie Parker, to Mr. Marvin William Nelson, on Wednesday morning, October the twenty-sixth, nineteen hundred and eleven, at eight o'clock, at home, Rocky Point, North Carolina."

Miss Sanderson is one of Rocky Point's elect young ladies, beloved by all and Mr. Nelson may consider himself happily and unanimously elected in the selection of this charming, accomplished young woman as his companion through life. Mr. Nelson is a young business man of the Oaks Manufacturing Co., and is secretary of that enterprise at Newbern.

* * *

Interesting services will be observed at new Hope Presbyterian church, at Winnabow, Brunswick county, during the week commencing Sunday, October 22nd, which has been set apart as a "Week of Prayer" by the church. Dr. and Mrs. Geo. C. Worth, of Kiangyin, China, who have done a great work as missionaries to that country, and are so greatly beloved by everyone, will take a part in the exercises, telling something of their work. The programme for the entire week is as follows:

Sunday — Services morning and night, by Dr. Geo. C. Worth; Monday—Prayer for "Our Hospital," and an address by Mrs. Geo. C. Worth; Tuesday — Prayer for "Our Debt"; Wednesday—Prayer for "More Women in Organizing the Work;" Thursday—Prayer for "The Workers on the Foreign Fields;" Friday—Prayer for "Deepening Interest Among Young People;" Saturday—Prayer for "Our Homes to Become Gospel Centres."

* * *

WEDDING OF MUCH INTEREST HERE YESTERDAY MORNING

Of much interest to a wide circle of friends in this city and section was the marriage at 6:30 o'clock yesterday morning at St. Thomas' Catholic church, of Mr. John Hines, a well-known and popular young business man of this city, and Miss Mary Montague, an attractive and charming young lady, daughter of Mrs. J. H. Montague, of Montague, N. C. The ceremony was performed by Rev. Father Dennen and was solemnized by Nuptial High Mass. Music appropriate to the occasion fraught with so much interest to the young couple was furnished by the regular church choir. The bride was attended by her sister, Miss Bernardine Montague, as maid of honor, and Mr. Ned Hines, brother of the groom, was best man. The altar at which the impressive ceremony was performed was prettily decorated with palms and flowers.

After the ceremony Mr. and Mrs. Hines went to the Colonial Inn, where an inviting breakfast awaited them. Then they went to the union station, whence they departed on the morning train for points in Connecticut, where they will spend their honeymoon. Upon their return they will make their home in this city.

The groom is shipping clerk in the wholesale grocery firm of the Corbett Company, Mr. M. J. Corbett of that firm, being his uncle. He is a well-known young business man and is popular with a wide circle of friends.

His bride is a most attractive young lady and has many friends in this city who will be glad to welcome her as a permanent resident. Her mother and three sisters accompanied her to this city for the ceremony.

PERSONAL PARAGRAPHS.

—Dr. H. B. McIntyre, of Fort Caswell, was a guest at The Orton yesterday.

—Dr. E. G. Goodman and wife, of Town Creek, N. C., were among the guests at The Orton yesterday.

—Among yesterday's arrivals at The Orton were D. S. Wells, Wallace; T. E. Hughes, Raleigh; M. W. Teachey, Wallace; W. L. Hill, Wilson; Luke Boney, Wallace; Col. W. B. Fort, Pikeville.

—Dr W. D. MacMillan, county superintendent of health, left yesterday for a stay of a few weeks at Sloop Point. During his absence Dr. Joseph Akerman, former city superintendent of health, will have charge of his work.

—Among the guests at the Southern yesterday were R. L. Benton, Florence, S. C.; J. H. Maxwell, Whiteville; Jas. A. R. Davise, Burlington; A. F. Walton, Hamlet; B. D. Caison, Mintz; L. C. Houston, Durham; M. M. Bullard, Montague; C. C. Justice, Sneed Ferry; T. H. MacRae, Richmond.

LOCAL DOTS.

—In Justice Harriss' court yesterday Miles Carroll, colored, was tried on a charge of obtaining money under false pretense and found not guilty. He was represented by L. Clayton Grant, Esq.

—The body of John Bradley, the negro who was accidentally killed at Navassa Monday afternoon when he was caught under a heavy piece of timber which fell from a pile driver, was shipped yesterday to Fayetteville, his former home, for interment.

—The regular monthly meeting of the County Board of Education was not held yesterday afternoon on account of the absence from the city of two members—Mr. Chas. E. Taylor, Jr., and Mr. J. G. L. Gieschen. The meeting will be held the latter part of this week or early next week.

PETITION IN SANDLIN CASE.

Governor Will be Asked to Commute Sentence to Imprisonment.

Petitions are in circulation for the signatures of persons who would join in a request to Governor Kitchin to commute to life imprisonment the sentence of L. M. Sandlin, the white man who is to be electrocuted Friday for the murder of his wife, Mrs. Dora Sandlin, about four months ago. There are nine copies of the petition and it is said that one copy contained 45 names yesterday morning. Whether or not the other eight contain any names was not learned. The petition does not set forth any reason for executive clemency.

Sandlin is still in the county jail here. No official notification has been received from the Supreme Court of the action of that body in declining to grant a new trial and until the proper papers have been sent down to the lower court, Sandlin will remain in the New Hanover jail. As soon as the Clerk of Superior Court has received official notice of the decision the necessary authority will be given to Sheriff S. P. Cowan to take the prisoner to Raleigh, where the sentence is to be executed. It is understood that the Governor will be asked to grant a respite of several days, as the opinion of the higher court came so near the time set for the electrocution.

NEW MEMORIAL HALL.

Dedication Will be Later at St. Andrew's Presbyterian Church.

The Star was unfortunately in error yesterday in speaking of the exercises Sunday at St. Andrew's Presbyterian Church as being in the form of a dedication of the handsome new Memorial Hall, recently given to the church by Mr. W. H. Sprunt. The exercises merely marked the opening of the new hall and the dedication will not take place until the memorial windows are installed and the work on the building is completed, which will be within a month or six weeks, due notice of which will be given. The progress of the work on the building has reached a stage to permit of its occupancy and the urgent need for more room at St. Andrew's has been met, but not until some time later will the formal dedication take place. Those who did not have an opportunity of being with the congregation Sunday may have an opportunity of attending public worship in the handsome new building this evening at 7:30 o'clock and all will be cordially welcomed.

Regular Drills Begin.

After a suspension of activities during the Summer months the regular weekly drills of the Wilmington Light Infantry were resumed last night with a large percentage of the members in line. Drills will be held every Tuesday night until next Summer. From now on there will be right much doing in military circles so far as the W. L. I. is concerned.

New Way to Remove Age Marks From Skin

(Modern Styles.)

By discarding powder and cosmetics and using a mayatone lotion, it is an easy matter to gradually remove wrinkles and facial blemishes and give to an aged, flabby or unlovely skin the rich embellishment of girlhood health. The lotion, which is made by dissolving an original package of mayatone in eight ounces of witch-hazel, should be applied daily.

Before using, the skin should be thoroughly cleansed of dust and grime, and then the lotion gently massaged into the face, neck and arms until the skin is dry and smooth. With the aid of this inexpensive lotion the skin is freed of pimples, blackheads and other impurities, and the skin grows firm and smooth, and takes on an exquisite texture.

..Theatrical..

Sig. Creatore and his band gave two concerts at the Academy of Music yesterday, matinee and night. It is regretted that the audience was small at both, but the house was considerably larger at night than in the afternoon. Sig. Creatore has been here before and the magnificent work of himself and the talented and well trained musicians in his band was recognized and appreciated by the truly music lovers of the city, who did not miss the opportunity to attend one of the concerts yesterday. Sig. Creatore is a genius. As a conductor he has few equals. Some of the finest work last night was in the closing number on the programme, "Overture, '1812'," by Tschaikowsky, a Russian composer. This number was indeed a fitting climax to an evening of rare enjoyment to those capable of appreciating the best in music of this kind and Sig. Creatore received many warm words of praise on this number as well as on the entire programme. Each number rendered last night brought forth a storm of applause and the musicians were forced to respond repeatedly to encores.

Brilliant Event Tonight.

"The Gamblers," last season's most successful serious drama in New York, which recorded a remarkable run of over 200 consecutive performances at Maxine Elliott's theatre, comes to the Academy of Music tonight, as a notable event, under the management of the Authors' Producing Company, of which John Cort is president.

In this gripping play by Charles Klein, author of "The Music Master," "The Lion and the Mouse," "The Third Degree," "Maggie Pepper," and others of merit, the story arises out of the operations of one Wilbur Emerson, who, with several others associated with him in the banking business, uses the money of their depositors in an effort to fight the several larger banks which are endeavoring to crush them.

All this would be very well but for the fact that Emerson has gotten his father to endorse certain notes without telling him of the real purpose to which he intends to put them, and if he were not very fond of Mrs. Darwin, the wife of the prosecuting lawyer for the district attorney. Emerson hears of the fact that Darwin intends to set the Federal wheels working in time to save everybody's skin, for he has borrowed enough money to pay back the notes. Unfortunately, one of the directors has lost his nerve and turned State's evidence.

Before this is discovered Emerson turns up cards with his associates to decide which must go to jail to save the others, and asserting a misdeal he claims the card that would have fallen to his father. It is only of his father that he is thinking at this time, because the elder Emerson knew nothing of the transaction. And so, when he discovers that Cowper has left a full confession and the notes at Darwin's house, he makes up his mind to go after them there at once.

Darwin has left for Washington, and Emerson, making his way into the house by a ruse, is discovered in the library, where he has gone to look for Cowper's letter, by Mrs. Darwin. The Darwin returns and finds the two, as he supposes, in a position that arouses his unjust suspicions. In the scene which follows Mrs. Darwin has a very good opportunity to gauge the relative value of the two men, and after Darwin has sent Emerson to jail the scene ends with her ringing denunciation of her husband.

Seats are now selling at Plummer's.

"The Girl in the Taxi."

"The Girl in the Taxi", the greatest laughing success of the century, comes to the Academy tomorrow (Thursday) night. "The Girl in the Taxi" was originally produced in Berlin and afterwards in Paris. In both cities it created a sensation and ran for more than 1,000 nights. Chicago was the first city in America to witness this lively piece in its adapted form. Its success at the Cort Theatre was instantaneous and emphatic, and for more than six months it proved a potent magnet to crowd the theatre where it was presented to the doors. In Boston its triumph at the Tremont Theatre was unqualified, the Eastern metropolis vieing with the Western in paying tribute in the form of overwhelming audiences for an equal length of time. New York likewise acclaimed in it the most glowing terms and greeted it as the laughing sensation of the season. Seats went on sale at Plummer's this morning.

"Graustark" for Matinee and Night.

The much discussed play, "Graustark," will be presented at the Academy Saturday, matinee and night, and local book lovers and theatre-goers will have an opportunity of seeing and judging for themselves Geo. D. Baker's adaptation of Grace Hayward's dramatized version of Geo. Barr McCutcheon's famous story. The author's readers are legion and they rally to the support of the play as a unit. The opportunity for dramatic effect in "Graustark" is unparalleled in the history of stage productions where successful novels were the source of supplying the plot. James W. Castle, who staged the original production, was quick to see the possibilities of this startling story and arranged for the theatrical rights, with the result that today, this romantic drama is the most talked of play in the realm of theatredom.

Prices for night will be only up to $1, save for box seats, and the matinee will be a popular price one, as the prices will be but 25 and 50 cents. There will be no reserved seats at the matinee.

At the Grand.

A big Essanay photoplay, "Townhall Tonight," and a thrilling Vitagraph, "A Western Heroine", will be the feature pictures at the Grand Theatre today. The first is the funniest Western comedy ever produced and the Vitagraph shows how nerve and courage win. It is the story of a young Western girl, a daring escape and a wild ride. She outstrips her pursuers and triumphantly reaches her destination and fulfills her mission. There is a thrill in every view of this splendid picture. Nat Hilt will have another of his great comedy songs, "Some One's Waiting for Me." These songs are the talk of the town. Better hear this one today.

At the Bijou.

Yesterday's collection of films and big musical programme made up one of the most delightful moving picture theatre bills ever presented in Wilmington. It was enjoyed by immense audiences. Today's Bijou bill is going to be another decidedly attractive one, one that will appeal to all tastes, being strong in the dramatic and most wholesome in the comedy line. The music will be new, as usual, and will also be of the merriest and brightest type, according to the up-to-date idea of the Bijou. The top-liner film on today is "The Phoney Strike Breakers." This film will be of particular intense interest on account of the number of strikes now gripping the country, but it will be refreshing in that it will be something humorous instead of something serious.

The New Lyric

The programme at the New Lyric continues to attract the crowds and the acts are pleasing the crowds. Billie Laclelle is a big feature of the bill and his skit would make a horse laugh. James and Faistight are also seen in a great comedy offering. Then there are three reels of high-class pictures. Special matinees are given daily at 4 P. M., when the admission is only five and ten cents.

ATLANTIC YACHT CLUB.

Annual Meeting of Members Last Night—May Sell Property.

The annual meeting of the Atlantic Yacht Club was held in the directors' room of the American National Bank last night. Reports of officers for the past year were received and officers were re-elected as follows: President, J. Holmes Davis; vice president, F. E. Hashagen; secretary and treasurer, John R. Hanby. The following were named as the executive committee: Messrs. James Owen Reilly, Virginius Hall and Col. Walker Taylor. The matter of chief concern before the meeting was whether or not the club's property on Wrightsville Beach should be sold. It was finally decided to sell if a satisfactory price is offered. The executive committee was empowered to negotiate the sale of the property.

VALUE OF SCHOONER

Appraisers Appointed in Matter of James Davidson—Hearing Today

This morning at 11 o'clock in the United States Court room in this city, Capt. J. J. Adkins, Capt. Wm. St George and Capt. L. J. Pepper, appointed by Judge H. G. Connor, to appraise the value of the schooner James Davidson, recently towed into this port by the Baltimore tug Tormentor and subsequently libelled, will give a public hearing to hear testimony to assist them in arriving at a proper conclusion. The interests of the tug Tormentor will be looked after by Hon. John D. Bellamy, while the owners of the vessel will be represented by Robert Ruark, Esq. All parties at interest have been given notice of the hearing.

REAL ESTATE TRANSFERS

Several Deeds Filed for Record at the Court House Yesterday

Deeds were filed for record yesterday as follows: Winter Park Gardens Co., to Mrs. Annie L. Rountree, for $10 and other considerations, lot 35, at Winter Park Gardens; Winter Park Gardens to Roscoe C. Lucas, for $10 and other considerations, lot 36, Winter Park Gardens; Roscoe C. Lucas and wife to Mrs. Annie L. Rountree, for $10 and other considerations, lot on southeast corner of Sixth street and Park avenue, 66x330 feet in size; D. N. Chadwick, Jr., to David Walker, for $10 and other considerations, lot 7 in block 522 of Hanover Heights; Wm. L. Smith, commissioner, to Dr. Thos. M. Green, for $7,425, lot on north side of Chesnut street, 87.10 feet east of Third street, property being known as the old Johnson property and at present occupied by Mr. E. Piner; Manhattan Company to John Haar, for $70, two lots, one No. 62 and the other No. 61 in "Fernside."

Funeral of Little Daughter

The funeral of Mary Elizabeth Allen, the five-year-old daughter of Mr. and Mrs. Edward O. Allen, of Wrightsville Sound, whose death occurred Monday morning, was held at 11 o'clock yesterday morning at Bellevue cemetery, conducted by Rev. A. D. McClure, pastor of St. Andrew's Presbyterian church.

Still in justice to Mr. Taft, it is only fair to state that he is for tariff reform whenever the "interests" want it reformed.—Los Angeles Express.

DANDRUFF

Read what a prominent North Carolina physician writes regarding the great Dandruff Cure—

TO-BAC-TON

"I have been affected with dandruff for just ten years and have tried various remedies for same, but found nothing that would cure it. After using TO-BAC-TON for one month am entirely relieved of trouble. I heartily recommend this remedy to anyone affected with same disease. "W. C. LINVILLE, M. D., Winston-Salem, N. C."

This is only one of many letters praising TO-BAC-TON, *"The Greatest of All Hair Tonics."* If you are suffering with Dandruff, if your hair is falling out or your scalp giving you trouble, use TO-BAC-TON.

Different from any other hair tonic—it contains no alcohol or grease, which is injurious to the scalp. It is principally made from the juice of the tobacco leaf, which is recognized by physicians as the most effective germicide. TO-BAC-TON is *delightfully perfumed.* The ingredients are *stimulating and healthful.* This wonderful Hair Tonic *prevents Baldness, cures Dandruff, all diseases of scalp and makes beautiful, luxuriant hair.*

Get a bottle today at your drug store or *ask your barber* to give you a TO-BAC-TON application. You can't loose a cent because TO-BAC-TON is guaranteed to give satisfaction.

For Sale at All Drng Stores at 25c, 50c or $1.00 Bottles.

FREE! Our booklet, "The Indian Weed." It tells you all about the care of the hair.

Virginia Conference

Board of Missions,

W W ROYALL, D. D. Sec'y.

Norfolk, Va., July 7, 1911.

The Milam Medicine Co., Inc.,

Danville, Va.

Gentlemen:-

It gives me pleasure to tell you how much good your "Milam" has done me. I have had more or less uric acid trouble for ten or fifteen years, and at times I had attacks of rheumatic gout that were not only excruciatingly painful, but that laid me up in bed for a week at a time. I used everything the doctors recommended, but obtained only a little relief. Last May, I was so fortunate as to try Milam, and having procured through you a case of a half a dozen, I used it faithfully. I cannot tell you what relief it has given me. It may be too soon for me to claim a permanent cure, but I mean to keep up the treatment, feel glad to think I have found a thing to free me from my great suffering, and enable me to keep up my work in comfort. If all your patients have my experience, you will not have to refund much money.

Very respectfully yours,

W. W. Royall

Member Virginia Conference, M. E. C. S.

Ask your druggist for six bottles of Milam on our liberal guarantee—money back if not benefited.

BETTER TONE IS DEVELOPED

After Making New Low Records, Cotton Advanced Four to Eight Points From Opening—Selling Orders From the South.

New York, October 10.—After making new low records during the early trading, the cotton market developed a better tone today and closed steady, at a net advance of 4@8 points on covering, moderate trade buying and operations for a reaction following the recent decline.

The opening was steady, at a decline of 2 to 9 points in response to disappointing cables and selling orders from the South. There was a good deal of covering at the start and there was a rally of four or five points on active months right after the call, but buyers got their cotton so easily, and there were so many reports coming in of easier interior markets that many of those who had shown a disposition to cover at the initial figures turned again to the selling side and during the middle of the morning prices sold off to a net loss of 7@10 points. There was a good demand at the low point and the market later in the day showed increasing firmness, with the active months selling up about 16 or 19 points from the lowest, and showing a net gain of from 8 to 9 points, just before the close. Final prices were within a point or two of the best. Weather advices indicated higher temperatures in the western, so that there was no apprehension of fronts but rains were reported in the Eastern belt, which may have caused some uneasiness and promoted part of the covering, although the general opinion expressed around the ring was that the wet weather on open cotton would be more likely to lower the grade than to actually curtail the yield. Private spot advices later in the day were somewhat conflicting.

Receipts, 110,165 bales, against 87,673 last week, and 92,675 last year. Today's receipts at New Orleans, 6,263, against 5,880 last year and at Houston, 36,609, against 28,078 last year.

Spot closed quiet, unchanged; middling uplands, 9.75; do. gulf, 10; sales, none.

Futures closed steady.

Month:	Open.	High.	Low.	Close.

Bengrove (Br.), 2,389 tons, Barber, Heide & Co.

Kobe (Aust.), 2,929 tons, Koric, Heide & Co.

Barques.

Tomasso Drago (Ital.), 352 tons, Orengo, C. D. Maffitt.

Schooners.

Schr. Rebecca R. Douglass, 399 tons, Spencer, C. D. Maffitt.

Schr. Nellie W. Craig, 408 tons, Lane, C. D. Maffitt.

Estelle, 342 tons, Walker, C. D. Maffitt.

John H. May, 319 tons, Stille, C. D. Maffitt.

MY RIVER AND RAIL.

Receipts of Cotton and Naval Stores at Port of Wilmington.

Wilmington, N. C., Oct. 10.

Atlantic Coast Line—4,326 bales cotton; 16 barrels rosin; 4 barrels tar; 32 barrels crude turpentine.

Str. Alice—49 barrels rosin.

Str. Annie B.—6 casks spirits turpentine; 30 barrels rosin.

Seaboard Air Line — 375 bales cotton; 1 barrel crude turpentine.

Total—4,701 bales cotton; 6 casks spirits turpentine; 95 barrels rosin; 4 barrels tar; 33 barrels crude turpentine.

Total last year—2,154 bales cotton; 55 casks spirits turpentine; 163 barrels rosin; 36 barrels tar; 28 barrels crude turpentine.

THE PRODUCE MARKET.

New York, October 10.—Flour was steady, with a fair jobbing demand.

Rye Flour—Firm.

Corn Meal—Firm. Kiln dried, 3.75.

Rye—Steady.

Barley—Steady.

Wheat—Firm; No. 2, red, 98¾, elevator, export basis, and 99¼ f.o.b. afloat. December, 1.02¾; May, 1.08⅞.

Corn—Spot, firm. No. 2, 76¾, elevator basis, to arrive, and export No. 2, 76¼, f. o. b. afloat. Futures, nominal.

Pork—Steady.

Beef—Steady.

Lard—Weak.

Tallow—Steady.

Petroleum—Steady.

Wool—Quiet.

Molasses—Steady.

Rice—Firm.

Sugar—Nominal. Refined, steady.

Coffee—Futures closed steady, but at a net decline of from 15 to 27 points. Spot, quiet; Rio, No. 7, 14¾@14¾; Santos, No. 4, 15¾@15¾, nominal; mild, dull; Cordova, 16@17¾, nominal.

Butter—Firm.

Cheese—Steady and unchanged.

Eggs—Steady; unchanged.

Potatoes—Steady and unchanged.

Cabbages—Steady. Red, per ton, 18.00@20.00.

Freights—Unchanged.

Peanuts—Unchanged.

Cotton Seed Oil—Cotton seed oil was weak, under scattered liquidation and bear pressure induced by easier crude markets and the weakness in lard. Trading was largely professional. Spot closed 25 points lower, October 26 lower and other months 7@10 points down from last night. October, 5.77@5.80; November, 5.45@5.46; December, 5.44@5.46; January, 5.46@5.47; February, 5.51@5.55. Prime crude, 4.27@4.40; prime summer yellow, 5.80@6.15; prime winter, 6.00 bid; prime summer white, 5.80.

WILMINGTON MARKETS.

STAR OFFICE, Oct. 9th.

SPIRITS TURPENTINE—Market steady, 47¾ cents.

Rosin—Steady, $5.85 per barrel.

TAR—Firm at $1.80 per barrel.

CRUDE TURPENTINE—$3.00 per barrel for hard; $4.50 for dip, and $4.50 for virgin.

Quotations same day last year—Spirits turpentine, steady at 70¾; rosin, steady, 5.40; tar, firm, $2.50; crude turpentine, firm, at $4.00@$5.50 and $6.00.

Receipts.

Spirits Turpentine	6
Rosin	95
Tar	4
Crude Turpentine	33

Receipts same day last year, 55 casks spirits turpentine; 163 barrels rosin; 36 barrels tar; 28 barrels crude turpentine.

COTTON MARKET.

Market—Steady, 9¼ cents.

Same day last year, nothing doing.

Receipts — 4,701 bales; same day last year, 2,154 bales.

PRODUCE MARKETS.

(Quoted by W. J. Meredith, Oct. 7th.)

PEANUTS—Virginias, 85 to $1.00 per bu.; North Carolinas, $1.00 to $1.25; Spanish, $1.10 to $1.25.

CORN—Firm; .85 to .87½c. per bu.

PEAS—Out of season.

POTATOES—Irish potatoes, new crop, $1.25 per bu.

BEEF—On foot, dull, .03@.04 per lb.

PORK—Out of season.

WOOL—Burry, .11@.12c. per lb.; free of burr, 17 to 18 per lb.

HIDES—Green, .08 to .08½ per lb.; dry, 12 to .13 per lb

NORTH CAROLINA BACON—Hams, old, 20c. per lb.; sides and shoulders, 13c. to 14c. per lb.

BEESWAX—Firm; 27 per lb.

TALLOW—Firm; .04½@.05 per lb.

POULTRY—Turkeys, out of season. Chickens, grown, .40@.45 per head; chickens, spring, 15@35 per head; Geese, .50 per head.

EGGS—Fair demand, .21 to .22 per doz.

SHEEP—Lambs, .90 to $2.50 per head; grown sheep, .90 to $2.25.

LIVERPOOL COTTON MARKET.

Spot, Good Business Done; Prices, Nine Points Lower.

Liverpool, October 10.—Spot, good business done; prices, nine points lower. American middling fair, 5.84; good middling, 5.58; middling, 5.44; low middling, 5.30; good ordinary, 5.04; ordinary, 4.79.

The sales of the day were 10,000 bales, of which 1,000 were for speculation and export, and included 9,300 American. Receipts none.

Futures opened easier and closed steady. October, 5.14; October and November, and December, 5.06½; December and January, 5.06½; January and February, 5.06; February and March, 5.11½; March and April, 5.13½; April and May, 5.15½; May and June, 5.17½; June and July, 5.18; July and August, 5.19; August and September, 5.16; September and October, 5.12; October and November, 5.10.

THE FINANCIAL MARKET.

New York, October 10.—Money on call, steady, at 2¼@2½ per cent.; ruling rate, 2¾; closing bid, 2¾; offered at 2½. Time loans, steady; sixty days, 3@3¼, and ninety day, 3½@3¾; six months, 3¾@4. Prime mercantile paper, 4¾ per cent.; sterling exchange, firm, with actual business in bankers' bills at 4.83.15 for sixty-day bills, and at 4.86.35 for demand. Commercial bils, 4.80.75; bar silver, 51½; Mexican dollars, 45.

Petersburg Peanut Market.

(Reported by Rodgers, McCabe & Co.)

Farmers' Spanish—Firm, at $1.25 per bushel; Virginias—Firm; Bunch, 5c to 5½c per lb.; Fancy Hand-Picked, 4½c to 5c per lb.; Prime, 3¾c per lb.; Machine Picked, 3½c. to 4c. per lb.; Shelling Stock, 3c. per lb.

STOCK MARKET IS INACTIVE

Quotations Held Steady Through an Unusually Prosaic Session of Exchange Yesterday—Southern Roads Show Losses From Monday.

New York, October 10.—Quotations held steady today through an unusually prosaic session of the stock exchange. There seemed to be no business and nothing to attract business. Conditions affecting market values remained unchanged, and traders saw no incentive to activity, with the result that at times the market came to a standstill. The standard stocks barely moved and changes of any size were restricted for the most part to less active issues.

The only appearance of activity was in the first hour, when prices rose generally. The rise was only fractional in the active shares, except in the cases of Union Pacific and Lehigh Valley, each of which gained a point. It is probable that the buying which prompted the rise was in the nature of a demonstration against the short interest, which is believed to have increased largely within the last week. The movement was not effective, and the market soon fell back.

Among the less active issues Norfolk and Western was conspicuously strong, with a three-point gain. Several of the Southern railroads continued yesterday's upward movement, but Atlantic Coast Line and Louisville and Nashville, which led in the advance, fell back sharply today. Prospects of a record cotton crop, on which buying of the shares of Southern roads has been based, were effective also in advancing American cotton oil. Allis-Chalmers, pfd., after its recent heavy break, moved upwards slowly today, but the bonds showed further heaviness.

The decrease of 84,000 tons in the amount of unfilled orders on the books of the United States Steel Corporation, September 30th, as reported oday, was in a negative sense unexpectedly favorable.

Shipments during September were considerably heavier than in the preceding month and a heavier decrease than that reported was looked for. The stattement, however, was without influence on the stock.

The Copper market was heavy today in sympathy with the lower quotations reported abroad.

The new bond market was firm. Some of the Southern and Southwestern bonds were especially strong. The American Tobacco issues were heavy at the outset, but rallied later.

Total sales, par value, 2,254,000. United States bonds were unchanged on call. Total sales today, 254,000 shares.

MID-NIGHT BATTLE GIVEN BY TURKS

(Continued from Page One.)

dered extinguished at night and the vessels proceeded in two lines a half mile apart, being preceded, flanked and followed by battleships and cruisers. The warships in turn are protected on all sides by smaller but faster craft.

The naval attaches of all European countries and the United States, Japan and China, who accompanied the expedition, were most cordially received by the Italian naval and military officers, among whom they found many old friends. Great Britain, in addition to a naval attache, also sent a military attache.

The American attache is Commander Andrew T. Long.

The transports which left Naples were under the escort of a squadron sent purposely by Rear Admiral Aubrey, which was reinforced by other warships waiting outside the Straits of Messina. Great secrecy is maintained concerning the sailing of the expedition, as is explained by the fact that the government realized the danger from a surprise attack on the forces at Tripoli, because of the withdrawal from the blockade along that coast for ships to convoy the transports.

The sailors and troops landed at Tripoli were not considered sufficient to resist by themselves a serious offensive movement. The expedition is expected to reach Tripoli Thursday.

News From Malta

London, Oct. 10.—A dispatch to the Times from Malta says that on October 8th, two hundred Turkish cavalrymen advanced to within two miles and a half of Tripoli and tried to surprise the sentries, but were repulsed. Three Turks were killed.

A majority of the Turkish troops have fled, says the dispatch, by the four Caravan routes, but 3,500 are concentrating near Ghurian, some distance from Tripoli, behind a chain of hills. They have only four guns as the others were abandoned in the Tripoli forts where the Italians found 27 including several Krupps, dated 1875 and some new guns which had been landed from the Derna.

WESTERN CONFERENCE.

Statesville Methodists Preparing for Its Coming in November.

Statesville, N. C., Oct. 10.—The Statesville Methodists are very busy just now preparing for the meeting of the Western North Carolina Conference, which will convene in Broad Street church, November 8th. The conference will be composed, approximately, of 400 men—250 ministers and 150 laymen—and will be about the biggest gathering of the kind ever held in Statesville. The entertainment committee has been busy for several days securing homes for the delegates and the people of the town generally, regardless of denominational affiliations, are expressing their willingness to entertain them. Messrs. Dorman Thompson, F. J. Axley, J. L. Sloan, T. Clyde Moose and R. L. Bustle compose the entertainment committee.

Bishop E. E. Hoss, of Muskegee, Okla., one of the most scholarly and brilliant men in the Southern Methodist Church, will preside over the sessions of the coming conference and there will be other Methodists of note here for the event. Some of those from outside the bounds of the Conference who will attend and participate are Rev. Drs. W. W. Pinson, secretary of the Methodist Mission Board; C. F. Reid, general secretary of the Laymen's Missionary Movement; W. F. McMurry, secretary of the Church Extension Board; Rev. H. M. DuBose, D. D., of Augusta, Ga., will be present and will speak at the anniversary service of the Epworth League Wednesday evening, and Dr. W. P. Few, president of Trinity College, will speak on education Thursday night.

MRS. W. A. GRAHAM DEAD.

Passes Away at Her Home in Charlotte—The Family.

Charlotte, N. C., Oct. 10.—Mrs. Bonnie Oates Graham, the wife of Dr. William A. Graham, died at 6:30 o'clock this morning at her home, No. 15 West Seventh street.

Mrs. Graham was born on November 26th, 1876, and would have been 35 years of age next month. She was married on the 22nd day of January, also 12 years ago to Dr. W. A. Graham, of this city. She was the daughter of Mrs. Ella B. Oates and the late R. M. Oates. Aside from her mother and husband, she is survived by one brother, Mr. John B. Oates, of Birmingham, Ala., and three sisters, who are Mrs. George W. Bethel, of Norfolk, Va., Mrs. W. H. Twitty and Miss Lucy Oates, of Charlotte.

For the past few months Mrs. Graham has not been well. She has been able to be around her home and on the streets, but had been under medical treatment. Her condition had not been regarded as serious and last night she was in excellent spirits. She rested well during the night, but at 6 o'clock this morning called her husband and told him she was ill, complaining of a sort of suffocation. He administered to her immediately, but she was seized with a convulsion. The trained nurse with Mrs. Joseph Graham, the mother of Dr. Graham, was called and rendered every assistance. Chloroform was administered, relieving to some extent the fearful suffering. A blood vessel of the brain burst, however, this being the immediate cause of death, which occurred at 6:30 o'clock. None of the relatives had reached their loved one's beside at that time.

CABARRUS BLACK BOYS.

Erection of Monument to Famous Command During Revolution.

Concord, N. C., Oct. 10.—An effort has been started here for the purpose of creating interest in and formulating plans for the erection of a monument to the memory of the Cabarrus Black Boys, a band of patriots of this county, who during the Revolutionary war captured a British powder train, an act which for its daring and courage, was not surpassed throughout the conflict. Many of the descendants of the famous men now live in this county and the movement to perpetuate the memory of the brave heroes will no doubt meet with universal favor in every section of the county.

AVERAGE CONDITION OF CROPS

Prospects Generally Improved During September—Report of States

Washington, Oct. 10.—Favorable growing weather, general rains, warmth and absence of widespread frost during the past month in most parts of the United States improved the prospects of nearly all crops which had not previously reached maturity, according to the Department of Agriculture's general review of crop conditions, issued today.

As a consequence the condition of all crops combined on October 1st was approximately 13.3 per cent., below average conditions on that date, as against 15.2 per cent. below on September 1st, 14.1 per cent. below on July 1st, and 10.7 per cent. below on June 1st.

Condition of important crops on October 1st, or at time of harvest, on the basis of 100 representing average, not normal, conditions follow:

Apples, 114.1; Cotton 106.9; Sugar 106.5; lemons 104.6; pears 103.6; grapes 103.4; sugar beets 102.4; oranges 101.6.

Rice 99.0; peanuts 96.8; sorghum 96.7; tobacco 96.5; sweet potatoes 94.2; corn 89.6; potatoes 82.7.

Of the crops already reported upon quantitavely, it is estimated that, as compared with the average annual production of the past five years, this year's production of wheat is 5.5 per cent. less, oats, 6.3; barley 12.3; rye 5.4, and hay 16.0.

The production of beans was 95.1 per cent. of an average; kafir corn forage 95.0; tomatoes 93.9; cabbage 93.0; onions 89.7; millet hay 87.2; clover seed 82.6; millet seed 82.1.

The yield per acre of broom corn is estimated as 85.1 per cent. and hops 90.4 per cent. of an average crop.

The average condition of all crops combined, by States, on October 1st, was approximately as follows: 100 indicating the average (not normal) for recent years on October 1st.

Virginia 86.0; North Carolina 98.3; South Carolina 100.6; Georgia 106.9; Florida 102.9; Kentucky 93.6; Tennessee 104.2; Alabama 107.9; Mississippi 100.7; Louisiana 99.3; Texas 87.6; Oklahoma 55.1; Arkansas 101.3.

STRIKE DEVELOPMENTS.

Non-Union Men at Chicago—Situation in Memphis, Tenn.

Chicago, Oct. 10.—Two hundred non-union machinists from Eastern cities arrived at the Burnside shops of the Illinois Central Railroad today in a special train of four coaches and immediately were assigned to work.

Strikers surrounded the plant and quietly watched the strike-breakers march into the shops guarded by police and railroad detectives. There are now said to be more than 1,000 shopmen at work in the Burnside plant, or nearly one-third of the regular force.

Memphis, Oct. 10.—Outside of the legal contest asking that a permanent restraining order be issued against the striking employes which will come up for hearing tomorrow nothing marred the peaceful relations between the strikers and the Illinois Central and Yazoo & Mississippi Valley railroad officials here today.

"Yesterday was the most successful day we have had since the strike began," said Superintendent Morris, of the Yazoo & Mississippi Valley Railroad. "Thirty-three freight trains were moved, representing 1,200 cars."

The strike leaders still contend that the movement of freight is far from normal.

WORLD'S AEROPLAE RECORD.

Rodgers Has Arrived at St. Louis From New York.

Marshall, Mo., Oct. 10.—Exceeding the world's record for a cross-country aeroplane flight by 133 miles, and speeding at times at the rate of 70 miles an hour, C. P. Rodgers landed here at 4:31 o'clock this afternoon on his air voyage from New York to San Francisco. The former world's record, 1,265 miles, was made by Harry Atwood, in a recent flight from St. Louis to New York. Rodgers has flown 1,398 miles, according to railroad mileage.

Rodgers will start for Kansas City, 85 miles distant, tomorrow morning. From his start made at Springfield, Ill., at 8:35 o'clock this morning, Rodgers flew 214 miles today. He made two stops at Nebo and Thompson, Mo., for gasoline.

ROUGH WEATHER ACROSS

British Steamer Glenbridge Encounters One Storm After Another

Norfolk, Va., Oct. 10.—Ten days late and experiencing continuous storms all the way across, the British steamer Glenbridge arrived here from Hamburg today bringing a cargo of kainit, part to be discharged here and part in Charleston.

In speaking of the tempestuous voyage today, Captain Corner, master of the vessel, said he received his baptism of rough weather like an old hand. The Glenbridge left Hamburg 26 days ago and should have made the trip across in 16 days. After passing out of the English channel she ran into many storms, a fresh one every three or four days. No sooner would the wind die down and the sea resume a calmer aspect when along would come another blow.

BOTH DOCTOR AND PREACHER.

Charge for Funeral Sermon Over Patient Can't be Collected.

Mexico, Mo., Oct. 10.—A jury in the probate court here, according to a verdict filed today, decided that it was unlawful for a doctor who is also a preacher, to charge for preaching at the funeral of a patient he has attended.

Dr. F. M. Shoush attended Mrs. Susan Parks during her illness. When she died he preached the funeral sermon. Then he made out a statement of his bill, including $10 for preaching the funeral.

THE LORIMER CASE

Names of Four Men Given by Senator Hopkins' Secretary

Chicago, Oct. 10.—John M. Peffers, of Aurora, former secretary to U. S. Senator Albert J. Hopkins, gave a new turn to testimony in the Lorimer investigation before the Senate Committee late today when he named four men whom he said he suspected of voting improperly or corruptly for Senator Lorimer.

According to Peffers, the men were former State Senators B. F. Downing and William Fieldstack, and former Representatives Carl S. Burgett and Johnson Lawrence. Peffers testified that all but Fieldstack were followers of Mr. Hopkins.

"For the last month of that 1909 deadlock," said Peffer, "the whole idea of the Hopkins' camp was to keep our men from being bought. I suspected several of the weak sisters in our camp. They were men that I thought could be improperly influenced."

Peffers began by naming former Senator Downing.

"Did you have any suspicion at that time that Mr. Downing voted corruptly?" asked Attorney Hanecy.

"Yes, I did," replied the witness. "He was the sort of man that the Lorimer forces were getting right along. He was drinking and was easily influenced."

Asked why he suspected Fieldstack, the witness replied: "I thought Fieldstack had his hand out all the time. I met him in Chicago just before the opening of the legislative session and I asked him if he would vote for Mr. Hopkins for Senator. To this he answered: "It cost me just $985 to get elected and I've got to get that money back some way. I'm not for Mr. Hopkins or anybody like him; I am out working for myself."

Peffers said, however, that he had no proof of corruption against any of these men. Peffers in his testimony related a conversation with former State Senator George M. McCormick, which he said took place in Springfield just previous to the election of Lorimer.

"Senator McCormick told me that he had been offered $2,500 to change his vote from Mr. Hopkins to Mr. Lorimer," testified Peffers. This was the same story which Peffers told the Helm committee at Springfield.

Jacob Groves, of Camp, Illinois, former Democratic representative, testified that on the night of May 25th, 1909, Douglas Pattison came to Groves' hotel room in Springfield and sought Groves' vote for Lorimer. Groves said he thought Pattison meant to buy his vote.

Groves testified that former Representative Homer E. Shaw had said: "Any member who is willing to vote for Lorimer for Senator can get $1,000 for his vote."

AWAKENING OF THE SOUTH.

Cities Going After Methods for Bringing Development.

Memphis, Tenn., Oct. 10—The fourth annual convention of the Southern Commercial Securities Association, composed of the professional representatives of commercial organizations from Maryland to Oklahoma, opened its session at the Business Men's Club here yesterday, being welcomed by President Sidney M. Neely, president of the Memphis Business Men's Club, Mayor Edward H. Crump and C. P. J. Mooney, managing editor of the Commercial-Appeal.

President M. B. Tresevant, manager of the New Orleans Progressive Union, in his address dwelt upon the significant increase in numbers of commercial organizations in the South, turning the attention of the country to this section and which, he said, has inspired New England to active efforts to regain its lost prestige.

In accordance with the custom the association, under which the presiding officer does not serve longer than one year, Mr. Trezvant retires from that office with this meeting. James S. Warren, industrial commissioner of the Memphis Business Men's Club, it is believed, will be elected president tomorrow.

Addresses were delivered today by J. C. Haile, vice president of the Central of Georgia Railway, and John A. Fox, special director of the National Rivers and Harbors Congress.

SEABOARD WRECK

Twenty-one Persons Injured Near Cordele, Ga., Yesterday Morning

Cordele, Ga., Oct. 10.—Twenty-one persons were hurt when the engine of the Seaboard Air Line train from Helena to Columbus left the rails three miles east of Cordele early today. No one is thought to have been seriously injured.

What made the engine leave the track is not known. The engine was turned completely over and badly damaged. The three cars, a first-class passenger, second-class and one combination passenger and baggage coach left the rails and remained almost on their sides. The passengers were thrown to the floors and sides, most receiving bruises and scratches. The victims were brought here for treatment.

SHOCKS RECORDED

Earthquake Severer Than That Which Recently Visited Hayti

New Orleans, La., Oct. 10.—An earthquake of considerable intensity and estimated to be 2,000 miles southeast, probably in or near Ecuador, was recorded this morning on the seismograph at Loyola University.

The strongest movement was in the north south direction. The disturbance was considerably more severe than that recorded by last week's shock in Hayti.

To Make Your Hair Soft, Bright and Fluffy

Fashion's Guide.)

"The reason many women find it difficult to arrange the coiffure pleasingly is because of the too-free use of wet shampoos, which make hair dull, brittle and 'stringy.'

"One of the most pleasing things with which to cleanse the scalp of impurities and keep the hair clean, fluffy and silky, is 4 ounces of either orris root or corn meal and 4 ounces of therox. Mix together and sprinkle a tablespoonful on the scalp, then brush thoroughly through the hair. This rids the hair and scalp of dust and dandruff, and a few times using tones the scalp and hair roots, causing the hair to grow soft, brilliant and easy to manage."

AFFAIRS AT WAKE FOREST.

Last Saturday's Game—The Student Out—Church Building.

Wake Forest, N. C., Oct. 10.—The first big football game of Wake Forest is over, and although Wake Forest went down in defeat before University last Saturday, not a man on the Hill feels despondent. For who ever heard of a football game 12 to 3 that one side had every thing their own way? Last year the score was 37 to 0, this year only 12 to 3 and Saturday was the first time in 26 years that Wake Forest scored on the University.

One of Wake Forest professors, Dr. E. W. Sikes, attended the sessions of Union Baptist Association at Monroe the past week, representing the college. Dr. Sikes is doing much of this work this year in the place of the late Prof. J. B. Carlyle. It is very fortunate that Wake Forest has such a representative who has made himself a reputation in the State as one of her ablest statesmen.

Representing the faculty at Chapel Hill at the game against the University Saturday were Prof. E. W. Timberlake, of the Law School, and Prof. J. H. Highsmith, professor of Education.

The first number of the Wake Forest Student, the magazine published by the literary societies, was issued today. This is a very creditable piece of work for the editors, Messrs. H. T. Turner and L. G. Bullard.

There is a movement on to raise money for the building of a Baptist church here. Long has there one been needed. The regular college chapel is used for church exercises. Pastor Johnson, with President Poteat, are now devising plans towards raising this money. It is felt that the State Baptist Convention will take an active part in this work at their next meeting.

HEAVY FOR THE INITIATIVE.

Woman Suffrage Amendment Defeated in California.

San Francisco, Oct. 10.—Early and incomplete returns from 44 precincts in the State, including San Francisco, show a heavy vote against woman's suffrage and indicate that it has been defeated. The returns are heavily in favor of the adoption of the initiative and referendum and the recall. The latter includes the judiciary.

With returns from little more than one-tenth of the State at hand, the indications at 9 o'clock tonight were that California had refused to grant equal suffrage to women, but had by an emphatic vote ,made the initiative and referendum and the recall, the latter including the judiciary, part of its organic law.

Twenty-three proposed amendments to the constitution of the commonwealth were voted on today. Of these the three mentioned and the proposition to make the Staee railroad commission an appointive body and empowering the Legislature to enlarge the powers of the board, overshadowed the rest in public interest. The last, according to early returns had been carried. A two-thirds vote was necessary.

Returns at 9 o'clock showed 8,635 votes for women suffrage with 8,908 against. The initiative and referendum on the other hand showed 10,810 for and 3,610 against, while the recall, notwithstanding the bitter fight made against it by many leading Republican papers was favored with even more emphasis, 11,280 to 3,488.

The railroad commission amendments were favored by 8,170 to 4,683. Today's election carried to a conclusion the campaign for reform measures started by Governor Hiram Johnson and the last Legislature which was overwhelmingly "progressive" Republican.

ONE OF THE FRUITS OF SAVING

is that you can have a home to call your own when your working years are past. That dollar a week that gets away from you each week with nothing to show for it, means much.

$1.00	a week	for	one year	$ 52.00
$2.00	"	"	"	104.00
$4.00	"	"	"	208.00
$6.00	"	"	"	312.00
$8.00	"	"	"	416.00
Total without interest				$1,092.00

Well worth your while saving, isn't it? Start a savings account at our bank now, with a dollar.

4 Per Cent. Paid on Savings.

Look Ahead!

Save something now! In the future you will look back upon the past and be thankful that you provided for the comforts you may enjoy in the future.

The Atlantic Trust & Banking Co.

The Heating Question

MUST BE SOLVED SOON.

It's only a question of days now until cold weather will arrive. Now is the time to prepare for it, so that your heater will be up and ready for use when the first cold night comes.

We have a most complete line of coal and wood heaters at prices beyond comparison.

Vortex Cold-Blast Heaters give greatest amount of warmth at least cost.
